SERVICE FOR INDUSTRIES IMPROVE THE QUALITY OF LIFE
服务于工业·提升生活品质

公司简介 / THE COMPANY

Infinity Industries, Inc & Qingdao DurTEK Precision Machinery Co., Ltd is One of IATF 16949 certifite supplier of CNC machining services manufacturer for precision metal parts and components. Company was setup in 2005, Our capabilities include milling, turning, drilling, tapping and surface grinding from single prototype to short-low and high-volume production runs. Features include 4-axis CNC turning center with 25" x 50" capacity and multi-spindle CNC lathes. Machined material include carbon steel, stainless & alloy steel, aluminum, brass and investment castings. Secondary services include heat treating, coating and welding. Serves the automotive, sensor technology, food and beverage industry, and oil industries. 99% products export to USA, Germany, Switzerland, Austria, Czechoslovakia, Thailand, Japan.

青岛莫瑞特工业制品有限公司 & 青岛德泰科精密机械有限公司

是 IATF16949:2015 认证企业 · 成立于 2005 年 4 月 · 注册资本 1000 万元 · 截至目前合计投资 1000 余万购买先进的数控精密车床 · 复合车床 · 多轴车床 · 立式加工中心 · 三坐标 · 二次元等等生产设备及检验设备 · 初期为德国知名传感器企业制造传感器零部件 · 2016 年开始为美国某知名重卡厂家生产重卡零部件 · 2019 年开始为德国大众的生产汽车空调膨胀阀零部件 · 公司自成立以来 · 每年为客户提供近 100 万件的精密零部件产品 · 且每年以 5%-10% 左右的速度逐年增加产品的产量 · 公司产品 99% 销往美国 · 德国 · 瑞士 · 奥地利 · 捷克 · 泰国 · 日本等国家。

For more information, please visit our web site: www.infindustries.com

2005年

Infinity international trading company was established, Company start provide metal works for our customers.

2011年

Changed the company "infinity international trading company" to "Infinity Industries, Inc"

2009年

Infinity company invested one precision casting factory to produce investment castings for CRH.

2012年

Established Qingdao DurTEK precision Machinery Co., Ltd. to produce CNC machined parts for our customers.

Manufacturing/制造

We provided Stable, High-quality, Reliable and High-efficiency products and services by imported advance precision CNC machines, Measurement instruments and Automation equipment for our customers. 采用先进的精密数控加工设备·检验仪器及自动化装备为客户提供稳定·优质·可靠·高效的产品及服务。

Trading/贸易

The trade cooperation opened up the international market for the company, we are committing to trade communication and cooperation with international enterprises, and in order to provide the customers more extensive services, the company strengthen the cooperation with domestic small and medium-sized enterprises, to promote more high-quality products to the international market 贸易合作为公司开拓了国际市场·企业致力于与国际企业之间的贸易交流与合作·并加强与国内中小企业之间的合作·将更多品质优秀的产品推广到国际市场·为客户提供更加广泛的服务。

Innovation/创新

The enterprise strengthens the cooperation with domestic universities and scientific research institutions, invests the research and development fund in the product manufacturing process, the tool and fixture system, the automation system, provides the solution for the product manufacturing process to be stable, reliable and intelligent. 企业加强与国内大学和科研机构的合作·在产品制造工艺·刀具及夹具系统·自动化系统投入研发资金·为产品制造过程的稳定·可靠和智能提供解决方案。

Service/服务

The enterprise provides the product import and export service, the logistics consultation, provides the process technical support and the tool system support service for the supplier. 企业为客户提供产品进出口服务·物流咨询·为供方提供工艺技术支持及刀具系统支持服务。

2014年

Qingdao DurTEK precision Company got ISO9001,2008 certificate

2019年

The company invest automatic machines for Auto parts, and multi-spindle CNC machines.

2016年

The company got TS16949:2009 for Machining, Assembly and service of Metal Parts

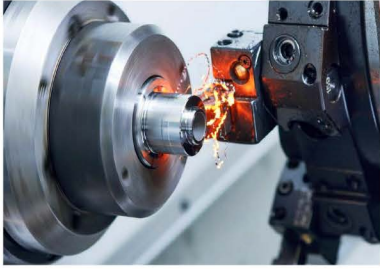

2020年

Qingdao DurTEK precision Machinery Co.,Ltd moved to LianDong Technology & Innovation Industries Gardon.

制造能力

What we do

CNC Machining/数控加工

Lot size: 1-1000000pcs
Length: 3mm-800mm
Width: 3mm-600mm
Height: 5mm-520mm
Diameter: 5mm-450mm
Material: Stainless steel/Carbon steel/Alloy steel
Aluminium alloy

Investment Castings/精密铸造

Lot size: 1-1000000pcs
Length: 3mm-600mm
Width: 3mm-600mm
Height: 5mm-600mm
Weight: 0.01kg-50kg
Material: Stainless steel/Carbon steel/Alloy steel

Sheet Metal Fabrication/钣金冲压

Lot size: 1-1000000pcs
Length: 10mm-1200mm
Width: 10mm-1200mm
Thickness: 0.2mm-25mm
Material: Stainless/Carbon steel/Alloy steel
Aluminium alloy

Welding&Assembly 焊接装配

Lot size: 1-1000000pcs
Length: 10mm-6000mm
Width: 10mm-6000mm
Height: 10mm-2000mm
Weight: 0.5kg-1000kg
Weld processing: Inert gas shielded
arc welding (MIG/MAG)

OUR EXPERTS/专业领域

SKILLED TEAM

1. Professional CNC machining personnel, technologist and quality control personnel.
专业的数控加工人员·工艺师及质量管控人员
2. Advanced CNC machining equipment & measurement Instruments.
先进的加工设备和检验设备
3. Supplier of high quality raw materials and auxiliary processing system.
优质的原材料及辅助加工系统供应商

**TRANS FOR MING
GREAT IDEAS
INTO GREAT
CUSTOMER
EXPERIENCES**

将伟大的想法转换成伟大的客户体验

Infinity Services and DurTEK Productions
give our customers wonderful experience.

贸易合作

TRADE COOPERATION

THE EXPORT&IMPORT 产品和技术进出口

- Metal products/ 金属制品
- Turning & Rotating tools/ 车铣刀具材料
- Machine tool accessories / 机床附件
- Tooling & Fixture system/ 夹具工装系统

THE SCM SERVICE 供应链管理服务

- The plan & strategy/ 计划及策略
- The Sourcing of raw material & service
- 原材料及服务来源管理
- The Manufacturing/ 制造过程
- The return system/ 退货系统管理

THE LOGISTICS SERVICE 物流服务

- The delivery & logistics/ 发运及物流
- The return service/ 退运服务
- Customs Declaration & Inspection/ 海关通关及检验

99.5%

EXPORT PRODUCTS
EUROPE / NORTH AMERICA

How do we win customers? There is no shortcut, other than to pay our 100% sincerity.

-INFINITY COMPANY

"Customer is the King" which was my customer's code of conduct. We have studied from them always. We start cooperating with him since 2005, we can see the business grown up of each other. The covid-19 can't stop our step to go ahead!

“顾客为王”·这是我的顾客行为准则·我们一直向他们学习·我们从2005年开始与他合作·我们可以看到彼此的业务成长·2019冠状病毒病不能阻止我们前进!

**WE ARE TRUSTED
PARTNER & FRIEND**

为什么选择我们/WHY INFINITY

THE RELIABLE 诚信可靠

Infinity&DurTEK can be trusted to work well. We have very good relationship with our customers in the world and suppliers since 2005.

莫瑞特和德泰科是值得信任并一起工作的·从2005年起·我们与国内的供方和国外的客户建立了有非常好的合作关系。

THE RICH EXPERIENCE 丰富的经验

Basis on more than 20 years cooperate with vary suppliers in China, our business covered wide range of metal works.

与中国各个领域的供方有接近 20 年的合作经验 涵盖了众多金属零部件制造领域。

THE PROFESSIONAL 专业

We had professional people on metal processing, Quality control, Manufacturing, Purchase, and sales person.

我们有专业的金属工艺·质量控制·产品制造·采购及销售人员。

THE BEST SERVICE 最好的服务

Customer is the King, What we do is out of our customers expectation.

客户就是上帝·我们所作的就是超出客户的期望。

INNOVATION MADE MANUFACTURING PROCESS
MORE EFFICIENT & STABLE.

创新让制造过程更高效和稳定

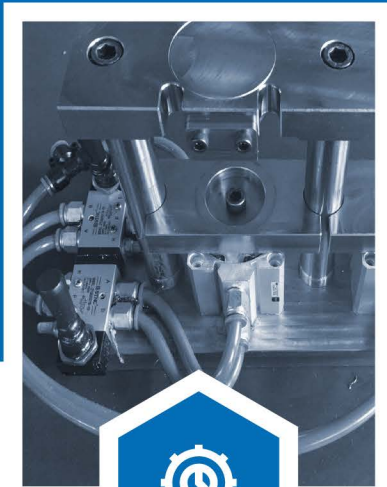

创新服务

INNOVATION SERVICES

INNOVATION IS OUR GOAL.

创新是我们的目标

Innovation help us to find the best solution for our customers' production. It made our processing more efficiency, more steable and more precision. Innovation saved our time, labor and space. 创新令我们为客户的产品找到最佳的解决方案，使得我们的制造过程更加有效率，更加稳定和更加的精准，创新为我们节省了时间，劳动力和空间。

Fixture&Position system 工装&定位系统

We designed & manufactured the fixtures for all our products and apply zero point system make the parts trans from the processing quickly. 我们为所有的产品设计和制造工装夹具，并应用零点定位系统，使得我们的产品在工序间流转更快。

Rotating Unions&Quick Coupling 旋转接头&快速接头

Our rotating unions and quick coupling products applied to CNC machines, paper making, printing and machine manufacturing. 我们制造的旋转接头及快速接头产品应用于机床、造纸、印刷及机械制造行业。

Machine Tool Accessories 机床附件

We design and make machine tool accessories for our products, on the same time we sell them to our customers. 我们为我们的产品设计制作机床附件，同时我们也销售给我们的客户。

90%

Innovation is the driving force of our development, which make us to meet the high tech. 创新是我们发展的推动力，这令我们能够满足高科技领域的要求。

OEM & ODM

Infinity company was working as OEM for customers many years, we won the respects from our customers. We try our best to provide more productions to our customers. Not only OEM services, but also ODM services.

莫瑞特公司作为一家 OEM 公司很服务于客户多年了，我们赢得了客户的尊重，我们在努力提供我们客户更多的产品，不仅仅是 OEM 服务，还有 ODM 服务。

增值服务

ADDITIONAL SERVICE

ONE-SITE DELIVERY

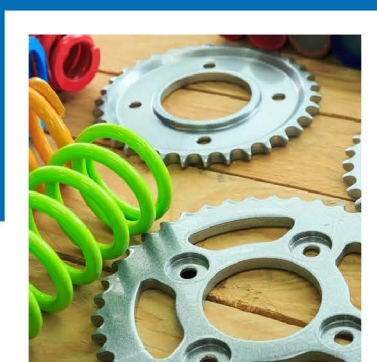

Our customer can get the finished parts from us with different surface treatment. Which help our customer save more cost on transportation and repacking.

我们客户可以从我们这里获得不同表面处理的完成品，这帮助客户节省了大量的周转运输和再包装的成本。

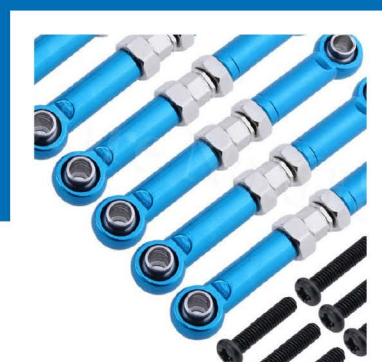

Thermoplastic Coating 浸塑处理

- One-layer system
- Thick film coating, starting from 300 μm
- Flexible
- Extremely tough and resilient to mechanical and chemical stress
- Warm touch
- Electrical insulation
- Environmentally responsible (no VOC, halogen and BPA free)
- 单涂层系统
- 膜厚 300 微米起。
- 柔性的
- 极具韧性,能够承受机械的和化学压力
- 触感温暖
- 绝缘性
- 环保(无挥发性有机物,卤素及 BPA)

Powder Coating 粉末喷涂

- More resistant against high temperature.
- Hard and rigid.
- Thin to thick wall capability.
- Excellent appearance.
- High mechanical property.
- Cost effective.
- Excellent dimensional stability.
- 更加耐高温
- 牢固而坚硬
- 薄壁到厚壁均可覆盖的能力
- 优异的外观
- 较高机械特性
- 成本效益好
- 优异的尺寸稳定性

Anodizing & Electrophoresis 阳极化处理及电泳处理

- Increased wear and corrosion resistance.
- The metal retains its color for a long time.
- Improved and visually appealing surface finish.
- Electrical and thermal insulation.
- Increased durability and service life of the part.
- The metal becomes easier to clean.
- 增加铝合金耐磨和耐腐蚀性
- 金属可长期保持其颜色
- 提高表面成品视觉效果
- 绝缘和隔热
- 提高零件耐久性及使用寿命
- 金属易于清洁

让金属世界多姿多彩

MAKE METAL WORLD MULTI-COLOURED

SURFACE TREATMENT 表面处理

We provide the additional service for our customers such as the metal parts surface treatment.

我们为客户提供诸如表面处理的增值服务。

- Zinc/Nickel /Chrome plating./ 镀锌 / 镀镍 / 镀铬
- Aluminium anodizing./ 铝合金阳极化处理
- Powder Coating./ 喷塑处理
- Thermoplastic Coating./ 浸塑处理
- Phosphating./ 磷化处理
- Passivating./ 不锈钢钝化处理
- Electropolishing./ 电解抛光处理
- Electrophoresis./ 电泳处理
- Blackening./ 发黑处理
- Sand/Shot blasting./ 抛砂丸处理
- Satin-finished./ 拉丝处理

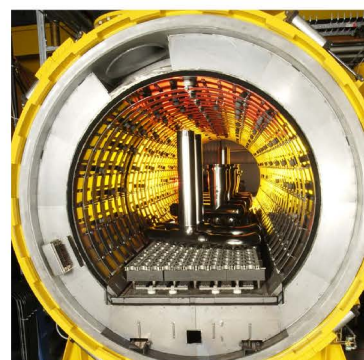

HEAT TREATMENT 热处理

We also provide the additional heat treatment service for our customers.

我们也为客户提供增值的热处理服务。

- Quenching & Tempering treatment.(Q+T)/ 淬火回火处理
- Nitriding/carburizing treatment/ 渗氮 / 渗碳处理
- Hardening/ 硬化处理
- Annealing/ 退火处理

质量控制

QUALITY CONTROL SYSTEM

QUALITY IS THE FOUNDATION OF OUR PROGRESS 品质是我们前进的基石

Our product quality standard has been deeply written into our enterprise philosophy, we solemnly promise, our products used materials, manufacturing process and 100% final inspection quality guarantee.

我们产品的质量标准早已深入的写入我们的企业哲学里面·我们郑重承诺·我们产品所用材料·制造工艺及 100% 最终检验的质量保证。

QUALITY POLICY 质量方针

Excellence,
continuous improvement,
customer satisfaction.
精益求精·持续改进·客户满意。

1. General quality plan: for these unspecified on drawings

MIL 105E sampling plan (single sample)

Inspection class:	AQL level
Critical	0.4
Major	0.65
Minor	1.0

2. Special inspection plan: including SPC,CPK,PPFA, Hundred Percent Inspection, etc. proposal according to customers' requests are to be approved by general manager before applied.

3. Definition of inspection defect criteria:

*Criteria (CR) : caused by systematic fault ,incorrect material, insufficient strength or tool problem. When it happened the whole production batch will be isolated right away and destroyed if necessary; in the meantime ,find out the exact reasons.

*Major (MA): individual part unworkable, not caused by systematic fault and the whole batch mistake, for example: over or under size on critical dimensions

*Minor (MI): defect does not interfere with function of product itself. For example: appearance defect, functionless dimensions deviations.

4. QC standard & Documentation.

To follow ISO 9001 standard, inspection report and material certificate are provided in each shipment .

5. QC Flow chart:

Purchase Order----- QC plan-----sample----- PPFA-----IQC-----PQC-----OQC-----Shipping/Warehousing

IATF 16949 :2016 CERTIFICATE

ISO9001:2015 CERTIFICATE

产品应用

PRODUCT APPLICATION

Sensor Parts/传感器零件

Truck Parts/重卡零部件

Auto Parts/汽车零部件

Outdoor leisure products/户外休闲产品

Motor Parts/电机零部件

Canned Equipment parts/罐装设备零部件

Food & Beverage parts/食品饮料设备配件

Automation Equipment Parts/自动化配件

Sporting and recreating articles/运动休闲产品

Valve and piping/工业阀门及管件制品

Other parts and components/其他产品及配件

THE REFERENCE

WE RESPECTED BUSINESS PARTNER

We serviced more than 350 foreign customers the spare parts, the numbers are still growing now.
我们已经陆续为 350 余家国外客户提供
零部件供应服务 这个数字还在增加。

We sold more than 1 millions of metal parts to our customer very year. 60% was sold to North America market, 30% was sold to Europe market and 10% was sold to Aisa market.

我们每年为客户提供超过 100 万件的金属零件 其中 60% 销往北美市场 · 30% 销往欧洲市场 剩余的 10% 销往亚洲市场。
