ABOUT US

MIDA has been established since October 2005, based in Long An province of Vietnam, with an area of 45,000m².

We are leading manufacturer of precision injection molds and plastic components.

We offer our customers **a complete solution for manufacturing molds and plastic components used in the electrical/electronic and automotive industries** at the most competitive prices.

“We are mainly exporting to Japan, North America, and the EU, serving international clients such as Schneider Electric, Samsung Electronics, Datalogic, Amphenol, Furukawa, Eldor, and others.

Customers are delighted by the quality achieved through the effective implementation of FDA, RCS, ISO 13485, ISO 9001, ISO 14001, ISO 45001, IATF 16949, and ISO 26000 systems throughout our organization”
