MERCHANDISING

COMPLIANCE & SAFETY

SHIPPING & LOGISTICS

A photograph of a clothing store interior. The background features a wood-paneled wall. On the left, a mannequin stands wearing a blue sleeveless dress and a black wide-brimmed hat. To its right, another mannequin wears a light-colored top and a wide-brimmed hat. In the foreground, a mannequin is dressed in a white t-shirt with the text 'EAS COM BSY' and blue jeans. Racks of various clothing items, including dresses, shirts, and pants, are visible throughout the store. Price tags with labels like 'R200' and 'R14' are scattered among the merchandise.

MERCHANDISING

Our skilled merchandising team adeptly oversees the entire order process, guiding our supply chain to deliver products punctually and meeting the required standards. With our extensive production experience, we meticulously monitor critical paths, swiftly identifying and resolving any challenges that may arise.

QUALITY CHECKING, ASSURANCE & TESTING

Our highly skilled quality control team ensures rigorous quality assurance throughout the production process, starting from cutting and progressing through stitching to final packing. The Technical team remains vigilant, monitoring fits, workmanship, and specifications to guarantee the production of only the highest quality goods. Adhering to strict QC checking Standard Operating Procedures (SOP) and supplementing our factories' QC procedures, we prioritize quality control as our foremost concern.

DESIGN & DEVELOPMENT

Our proficient team is equipped to turn your fashion trends into commercially viable products. From design to production, having a proficient team ensures that your fashion trends not only meet the aesthetic standards but also fulfill the practical requirements of the market. If there's anything specific you'd like advice or assistance with regarding your fashion endeavors, feel free to ask!

A woman in a green headscarf and blue face mask is working at a sewing machine in a factory. She is wearing a bright yellow-green jacket and has a pink measuring tape around her neck. The background shows other workers in similar attire.

COMPLIANCE AND SAFETY

We specialize in organizing social and environmental compliance programs, taking responsibility for the continuous development and coordination of a comprehensive social compliance program. We monitor the program and ensure adherence to the company's code of conduct and local regulatory requirements. Our communication extends to government bodies, non-governmental organizations, and other external parties. We conduct factory compliance audits, investigate work incidents, and offer innovative recommendations for sustainable solutions.

SHIPPING & Logistic

Our internal shipping and logistics team enables us to streamline and effectively handle the delivery and logistical requirements of our clients' orders.
