WHO WE ARE?

OSEF International Service Investment Limited is a fast growing export and local supplier of Hardwood Charcoal. The company is fully licensed and registered aimed at producing value- added export product. We advantageously position our company for providing services to our viable customers in various capacities within and to the rest of the world at large. We also aimed at producing value for money and time to all our customers in Nigeria and all over the world. It is in view of this background thinking that OSEF International Service Investment Limited was established.

WHY OSEF INTERNATIONAL?

- We are working with full integrity and honesty to provide best quality product to valued customers.
- Customer service oriented company that dedicated its all efforts for satisfying the customers.
- We strongly believe that adding more value to what we export is profitable and sustainable; hence value creation is a major goal of our company to all our customers.

VISION

To become an innovator and leading light while adding professional value- added services and become preeminent agro –allied Export Company in the country.

MISSION

We are quality manufacturer of Hardwood Charcoal providing at premium prices. We wish to be preferred agro-allied company by the end of 2022. This we aim to achieve by continuous innovation and refining of our export processes in order to add value to reduce the export cycle.

CORE VALUES
