ABOUT US WHY CHOOSE US

Shandong Weifang Xuyang Imp. & Exp. Co., Ltd. is a multinational high-tech enterprise specializing in the distribution and supply of products across four key industries: health care, beverages, ecological agriculture, and biomedicine. Since its establishment, the company has adhered to the principle of "scientific and technological innovation excellence," focusing on the healthcare products sector and striving to protect human health and promote healthy living. We provide a comprehensive range of health products, integrating scientific research, production, and sales, supported by robust scientific research capabilities.

The company acts as an agent and supplier for a range of leading products that have earned international recognition. With more than 10 domestic and international patents, including award-winning patented technologies, we rely on a professional research team and a strong marketing network that spans Australia, the United States, Singapore, South Korea, mainland China, Hong Kong, Taiwan, Macau, Thailand, Myanmar, India, and other global regions. Our products are known for their natural and healthy qualities, receiving praise from customers worldwide.

Currently, several of the products we distribute are approved by the Australian Therapeutic Goods Administration (TGA), the Singapore Drug Administration (HSA), the Hong Kong Chinese Medicine Council (HKC), as well as certified by global authorities in countries such as New Zealand, South Korea, Myanmar, and others. We are proud to offer products that hold certifications for drugs, health products, food safety, and international SGS safety standards.
