服务理念

Service Concept

用户至上 · 用心服务

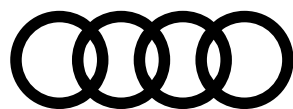

User first ▪ attentive service

企业文化建设是现代企业发展的重要内容，是精神文明的重要体现，是企业得以长久发展的重要保障。近年来，依托企业文化建设，提高员工的工作积极性，增强企业凝聚力，促进企业的管理、形象、服务 和环境达到现代化企业的标准，使喜马拉雅在行业内的知名度有了很大的提升。

The construction of corporate culture is an important part of the development of modern enterprises, an important embodiment of spiritual civilization, and an important guarantee for the long-term development of enterprises. In recent years, relying on the construction of corporate culture, we have improved the enthusiasm of employees, enhanced the cohesion of enterprises, and promoted the management, image, service and environment of enterprises to meet the standards of modern enterprises, which has greatly improved the popularity of Himalaya in the industry.

主要客户

Major Customers

倾力打造与客户的长期伙伴关系

Make efforts to build a long-term partnership with customers

在全国各省设有项目联络点：北京、江西、贵州、云南、江苏、福建、浙江、上海、安徽、广州、山东、陕西、河南、湖北、广西、兰州、香港、澳门等。

There are project contact points in all provinces of the country: Beijing, Jiangxi, Guizhou, Yunnan, Jiangsu, Fujian, Zhejiang, Shanghai, Anhui, Guangzhou, Shandong, Shaanxi, Henan, Hubei, Guangxi, Lanzhou, Hong Kong, Macao, etc.

售后服务项目：安装调试、技术培训、产品维修、配件供应等。

After-sales service items: installation and commissioning, technical training, product maintenance, accessory supply, etc.

我们坚持以客户为中心，快速响应客户需求，持续为客户创造长期价值进而成就客户。为客户提供有效服务，是我们工作的方向和价值评价的标尺，成就客户就是成就我们自己。为客户服务是我们存在的唯一理由，客户需求是我们发展的原动力。

Customer service is the only reason for our existence, and customer needs are the driving force of our development. We adhere to customer-centered, quickly respond to customer needs, and continue to create long-term value for customers to achieve customers. Providing effective services to customers is the yardstick of the direction and value evaluation of our work. To achieve customers is to achieve ourselves.

想要赢得客户的满意，值得信赖的服务与优质的产品一样不可或缺

In order to win the satisfaction of customers, trustworthy service is as indispensable as excellent products.

作为行业内智能制造先锋者之一，公司在多个国家拥有销售网络，随时为全球客户提供便捷、专业的服务支持。

As one of the pioneers of intelligent manufacturing in the industry, Himalaya has a sales network in many countries, providing convenient and professional service support to customers around the world at any time.

海外出口主要国家：美国、俄罗斯、迪拜、秘鲁、印尼、巴拿马、及东南亚多个国家。

Major overseas export countries: the United States, Russia, Dubai, Peru, Indonesia, Panama, and many countries in Southeast Asia.

发展历程

Development History

- 创业初期，2005年3月25日成立于晋江市陈埭镇。
- 入围鸿星尔克、卡帝乐鳄鱼指定供应商目录。

In the early days of entrepreneurship, it was established in Chendai Town, Jinjiang City on March 25, 2005.
Shortlisted for the catalogue of designated suppliers of Erke and Cartier Crocodile.

2005

- 入围中国石化便利店货架供应商目录。
- 入围中石化石油包装工程（含土建）供应商目录。

Shortlisted for the supplier directory of China Petrochemical convenience stores.
Shortlisted for the supplier directory of Sinochemical Petroleum Packaging Engineering (including civil construction).

2010

- 入围耐克、阿迪达斯、彪马、范斯、锐步、美国乔丹供应商目录。

Shortlisted for the supplier catalogue of Nike, Adidas, Puma, Vans, Reebok and Jordan.

2014

- 入围菲律宾卫生部乡村卫生所供应商目录。
- 更名为“福建省喜马拉雅科技实业有限公司”。

Shortlisted for the list of suppliers of rural health clinics of the Ministry of Health of the Philippines.
In the same year, it was renamed Fujian Himalaya Technology Enterprise Co., Ltd.

2016

- 入围厦门地铁导视导向标识、广告灯箱指定供应商目录。

Shortlisted for Xiamen subway guide logo and advertising light box designated supplier directory.

2018

- 入围三亚凤凰国际机场导视导向标识指定供应商目录。
- 入围斯凯奇亚太区供应商目录。
- 入围中国石化新VI易捷便利店供应商目录。

Shortlisted for the designated suppliers of Sanya Phoenix International Airport Guide Logo.
Shortlisted for the Skechers Asia-Pacific supplier directory.
Shortlisted in the supplier directory of China Petrochemical's new VI EasyJet convenience store.

2022

- 入围福建壳牌供应商目录。
- 入围领克汽车供应商目录。
- 入围中国石油新VI供应商目录。

Shortlisted for the Shell Supplier Directory.
Shortlisted for the Lynk & Co Automotive Supplier Directory.
Selected for the new VI supplier directory of China National Petroleum Corporation.

2024

2008

- 注册成立晋江市喜马拉雅展示道具有限公司。
- 入围特步指定供应商目录。

Registered and established Jinjiang Himalaya Display Props Co., Ltd.
Shortlisted for Xtep designated supplier directory.

2012

- 入围中国石油包装工程指定供应商目录。
- 入围中国石油油库建设供应商目录。

Shortlisted in the catalogue of designated suppliers of China Petroleum Packaging Project.
Shortlisted in the list of suppliers of China's oil depot construction.

2015

- 入围全军采购商名录，取得全军制式营具采购投标资格。
- 入围永兴、耐克、阿迪达斯、乔丹，李维斯儿童系列品牌供应商目录。

Shortlisted for the list of military purchasers and obtained the bidding qualification for the procurement of military standard equipment.
Shortlisted Yongxing, Nike, Adidas, Jordan, Levi's children's series supplier directory.

2017

- 取得军队保密资质。
- 入围俄罗斯GJ供应商目录。

Obtain military confidentiality qualification.
Shortlisted for the Russian GJ supplier catalogue.

2021

- 年底入围中国石化新VI形象设计参编单位。

Shortlisted for Sinopec's new VI image design at the end of the year.

2023

- 入围中石化新VI全系列供应商目录。
- 入围一汽、上汽奥迪供应商目录。
- 入围中国乔丹供应商目录。

Shortlisted for the full series of suppliers of Sinopec's new VI.
Shortlisted for the supplier catalogue of FAW and SAIC Audi.
Shortlisted in QIAODAN Supplier Catalogue.

企业优势

Enterprise Advantages

1

专业的技术保障

Professional Technical Guarantee

及时领会客户需求，协助客户制定的方案（出具详细，精细的平面和立体图纸）以及做出具体预算（相应的价单，规格，颜色明细及材质，产地说明）。

Timely understand the customer's needs, assist the customer to formulate the plan (issue detailed, fine plane and three-dimensional drawings) and make a specific budget (corresponding price list, specifications, color details and material, origin description)

2

专业的展示道具及标识生产商

Professional Display Props and Logo Manufacturers

车间拥有各类先进的生产设备（如自动焊接机械手，全自动CNC加工中心等），完整的生产工艺标准及流程化生产管理制度。

The workshop has all kinds of advanced production equipment (such as automatic welding manipulator, automatic CNC machining center, etc.), complete production process standards and process-based production management system.

3

强大的研发力量

Strong Research and Development Force

长期与设计院及高等院校合作，人才稳输入，研发团队不断壮大，在产品结构设计方面有具有了强劲的创新能力。

With long-term cooperation with design institutes and colleges and universities, the talents are steadily imported, the R&D team continues to grow, and has a strong innovation ability in product structure design.

4

专业的解决能力

Professional Solution Ability

公司经过20多年的发展，各职能部门健全，各部主要岗位人员稳定，并有丰富的管理经验，能针对预料之外发生的状况随时积极应变处理。

After more than 20 years of development, the company has sound functional departments, stable personnel in the main positions of each department, and rich management experience, which can actively deal with unexpected situations at any time.

5

健康的财务状况

Healthy Financial Situation

本公司客户稳定且不断扩展，收支平衡。无外债拖欠现象。公司人员来历清晰，流动率极低，薪资报酬均能及时如数兑现。

The company's customers are stable and expanding, with balanced income and expenditure, and no foreign debt arrears. The origin of the company's personnel is clear, the turnover rate is extremely low, and the labor remuneration can be cashed in time.

奉行专业精神 谨记品质理念

Pursue professionalism and keep in mind the concept of quality

坚持“品牌提升价值，专业成就所托”的宗旨以及“追求艺术与技术的完美结合”的质量方针和“完美品质，至上诚信”之原则。

Adhere to the tenet of "brand promotion of value, professional achievements" and "pursuit of art and technology" The quality policy of "perfect combination of skills" and the principle of "perfect quality, supreme integrity".

喜马拉雅汇集业界设计精英人士，解决设计师、客户、供应商项目需求，精雕细琢每一套方案。在喜马拉雅人心中，设计方案的制作过程，便犹如一件艺术品的创作过程，唯有孜孜以求做到最好，才无愧于设计师的称号。我们以精湛的技艺，厚重的文化底蕴以及对高端品质的苛刻追求，来诠释和设计的价值。

Himalaya brings together design elites in the industry to solve designer, customer and supplier projects. Requirements, carefully craft each set of plans. In the minds of Himalayans, the production process of the design plan is like the creation process of a work of art. Only by striving for the best can we be worthy of the title of designer. We interpret and design the value with superb skills, rich cultural heritage and the harsh pursuit of high-end quality.

吴达新 Daxin Wu

喜马拉雅品牌首席设计师 Chief Designer of Himalaya

在吴达新带领下的喜马拉雅设计团队，其深厚的艺术底蕴及丰富设计经验，成功为公司赢得了KKV、美国耐克、阿迪达斯等客户合作。

The Himalaya design team under the leadership of Wu has successfully won the recognition and cooperation of KKV, Nike, Adidas and other customers for the company.

吴达新，男，职业艺术家，1969年出生于中国福建泉州，1992年毕业于华侨大学外语系日语专业。同年留学日本，就读于日本国立埼玉大学教育学部，师从山口静一教授，专修东洋美术史。2001年移居美国，在纽约市立大学学习影像技术，2007年毕业。吴达新的作品呈现出中西文化资源和符号利用的移植与并置，并在叠加中悄悄地渗透、融解。以不同文化中的符号象征的拼合，既是现实状态的一种，又是吴达新作品的一种话语方式。他直接对应和测度着现实变化，构成了中国当下生动、奇特而又混杂的现实图景。

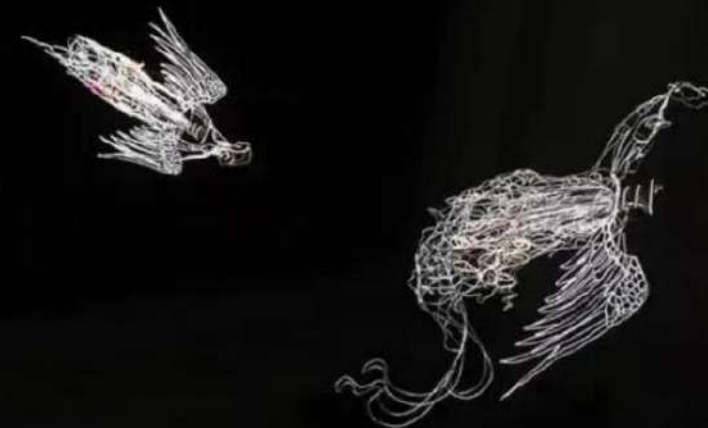

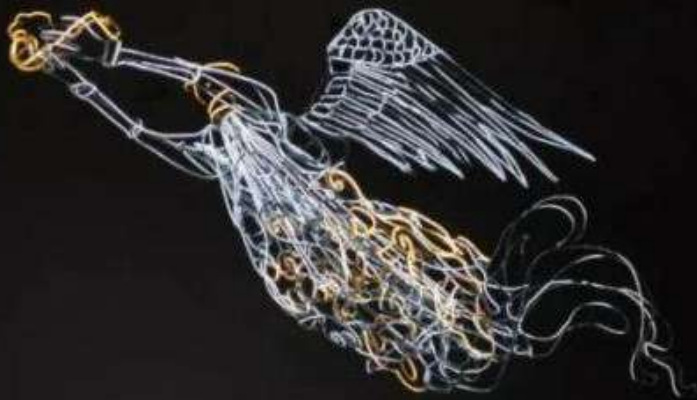

Wu Daxin, male, professional artist, born in Quanzhou, Fujian in 1969. He graduated from the Department of Foreign Languages of Overseas Chinese University in 1992, majoring in Japanese. In the same year, he studied in Japan and studied in th in Japan and studied in the Department of Education of the National University of Japan. His teacher is Professor Seiichi Yamaguchi, specializing in the history of Oriental art. He moved to the United States in 2001 to study imaging technology at City University of New York and graduated in 2007. In Wu Daxin's works, the use of Chinese and Western cultural resources and symbols shows transplantation and juxtaposition, and quietly penetrates and melts in the superposition. The combination of symbols in different cultures is not only a real state, but also a way of discourse in Wu's new works. He directly responds to and measures the changes in reality, which constitutes a vivid, strange and mixed reality picture of China.

五尊现代版《飞天》，分别有手持洞箫、琵琶、唢呐、祥云、如意五个造型。每尊高约3米，长约9至10米，重约500斤。框架全部由螺纹钢制作，头部做抽象处理，由汽车变速箱代替，内置灯光，“飞天”通身缠绕LED灯带，通体发光。

The five modern versions of Flying Sky have five shapes: Dongxiang, Pipa, Suona, Xiangyun and Ruyi. Each one is about 3 meters high, about 9 to 10 meters long, and weighs about 500 kg. The frame is all made of threaded steel, and the head is abstracted. It is replaced by a car gearbox. With built-in lighting, the "flying sky" is wrapped around the LED light strip, and the whole body is emitting.

飞天 Flying

2014

洞箫、琵琶是南音乐器，也是泉州文化的一个标志，南音和飞天进行了融合。祥云和如意则寓意吉祥如意，是我对家乡，对家乡人的祝福，希望泉州未来发展越来越好，文化经济各个方面都更上一层楼。飞天并未随着时代的过去而灭亡，她们仍然活着。吴达新用现代的表现形式，让她们从天国降落到人间，不断地给人们以启迪和美的享受。

Dongxu and Pipa are southern music instruments and a symbol of Quanzhou culture. Nanyin and Feitian are integrated. Xiangyun and Ruyi mean auspiciousness. It is my blessing to my hometown and the people in my hometown. I hope that Quanzhou will develop better and better in the future, and all aspects of culture and economy will reach a higher level. The flying sky did not perish with the passage of the times, and they were still alive. Wu Daxin uses modern expressions to let them land from heaven to the world, constantly giving people enlightenment and beauty.

巨鳄

Giant Crocodile

2015

这条21米长的巨大鳄鱼，用柔韧的藤条与竹篾，坚硬的钢铁脚架，通过古老的东方手艺编织而成。鳄鱼的腹部设有一个暗门，观者可以从暗门走进鳄鱼的体内与作品进行互动。这个‘不速之客’散发着山野之气，充满攻击性地张开大嘴，仿佛拥有吞噬千军万马的势力，让观者闻风丧胆。此刻它的存在打乱了现代人轻松休闲的生活步调，提示着危机无处不在。同时，这条‘大鳄’不加着饰保留了藤条与竹篾的自然状态，以一种粗犷有力的立场在与这个代表着物欲与金钱的现代化商场相互抗衡，相互适应。

This 21-meter-long giant crocodile is made of flexible rattan and bamboo strips, and a hard steel tripod, woven through ancient oriental techniques. The crocodile's belly is equipped with a secret door, through which the viewer can enter the crocodile's body and interact with the work. This 'uninvited guest' exudes the aura of the mountains and wilderness, and opens its mouth full of attacking power, as if it has the power to devour thousands of troops and horses, making the viewer fearful. At this moment, its existence has disrupted the pace of modern people's relaxed and casual life, suggesting that crises are everywhere. At the same time, this 'predator' retains the natural state of rattan and bamboo strips without ornamentation, and competes with and adapts to each other with this modern shopping mall that represents materialism and money with a rugged and powerful stance.

麒麟 Kirin

2020

古人把雄性称麒，雌性称麟，《宋书》：麒麟者，仁兽也。麒麟乃中国传统瑞兽，性情温和，不履生虫、不折生草，设武备而不为害，是最能体现中国人温良品质和仁义的神宠。

The ancients called the male Qi and the female Lin. The Book of Song: the unicorn, the benevolent beast. Kirin is a traditional Chinese auspicious beast. It has a gentle temperament, does not grow insects, does not break grass, and is equipped with weapons without harm. They're the best mascot that can reflect the gentle quality and benevolence of the Chinese people.

厂区环境

Factory Environment

拥有生产厂房总面积55000m²，包括五金车间，木工车间，标识车间，油漆车间，综合车间。
It has a total production plant of 55,000 square meters, including hardware workshop, carpentry workshop, logo workshop, paint workshop and comprehensive workshop.

公司位于324国道边，距沈海高速4公里，周边物流公司发达，并与多家物流公司签订长年合作协议，专车接送代办运输。
The company is located on the side of National Highway 324, 4 kilometers away from Shenhai Expressway. The surrounding logistics companies are developed, and has signed long-term cooperation agreements with a number of logistics companies to pick up and transport by special vehicles.

主要设备

Main Equipment

生产设备：瑞士Bylaser全自动电脑控制数字切割机、日本松下焊接机械手、全自动喷绘机、弯字机、美国静电喷涂流水线、自动裁板锯、封边机、四面木工压刨床、立轴铣床、立式串动磨、激光切割机、激光焊接机、无尘喷房、1.2米平砂机、全自动CNC、德国进口修边机、拼板机、字体围边机、字体焊接机等各类先进生产设备**480**多台。

Swiss Bylaser fully automatic computer-controlled digital cutting machine, Japanese Panasonic welding manipulator, fully automatic printing machine, word bending machine, American electrostatic spraying line, automatic cutting board saw, edge sealing machine, four-sided woodworking planer, vertical shaft milling machine, vertical string grinding machine, no Dust spray room, 1.2-meter sand leveling machine, fully automatic CNC, German imported trimming machine, paneling machine and other advanced production equipment. It is equipped with more than 480 sets of various equipment.

测试试验设备：高低温测试机、强度试验机、盐雾试验机、洛氏硬度机、含水率测试仪、干燥平衡窑等。

Test equipment: high and low temperature testing machine, strength testing machine, salt spray testing machine, Rockwell hardness machine, moisture content tester, drying balance kiln, etc.

五金车间

Hardware Workshop

车间配置了尖端的设备与工具，覆盖了从材料切割、精密钻孔到工艺焊接、表面磨削等多种工艺流程，每一道工序均由专业技师进行操作，确保产品的高品质与高精度。面对科技的不断进步和产业的升级转型，车间亦持续更新技术设备和生产工艺，力求在提升生产效率的同时，始终保持产品的高品质标准。

The workshop is equipped with cutting-edge equipment and tools, covering a variety of technological processes from material cutting, precision drilling to Wangyi welding, surface grinding, etc. Each process is operated by professional technicians to ensure the high quality and high accuracy of the product. In the face of the continuous progress of science and technology and the upgrading and transformation of the industry, the workshop also continues to update the technical equipment and production process, striving to improve production efficiency while always maintaining the high-quality standards of products.

我们运用精密加工技术，严格控制质量，根据制品尺寸和形状要求精确切割材料。通过专业打磨设备和技术，确保木材表面光滑平整。在拼接和组装环节，我们严格遵循设计图纸，确保产品符合预期形状和规格。最后，进行上色、涂漆或打蜡等表面处理工作，提升美观度和耐久性。

We use precision machining technology to strictly control the quality and accurately cut materials according to the size and shape requirements of the products. Through professional grinding equipment and technology, the surface of the wood is smooth and flat. In the process of splicing and assembly, we strictly follow the design drawings to ensure that the product meets the expected shape and specifications. Finally, surface treatments such as coloring, painting or waxing are carried out to improve aesthetics and durability.

标识车间

Identification Workshop

车间针对原材料，进行精细筛选与清洗，确保品质卓越。通过精准切割、成型、热弯及冷弯技术，将原材料塑造为所需形状。运用抛光、磨砂等工艺，提升产品外观与实用性。为确保产品品质及一致性，生产车间设有严格的质量检测环节。同时，定期对设备与工具进行维护及校准，确保性能稳定。

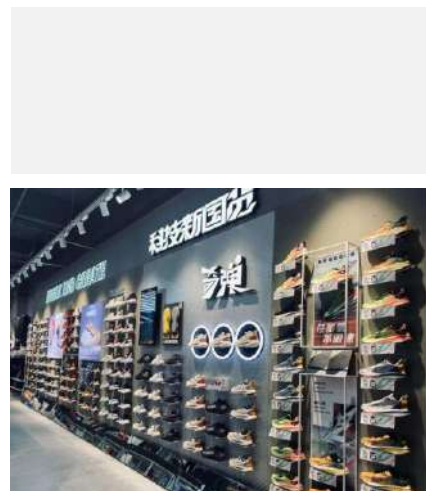

The workshop conducts fine screening and cleaning of raw materials to ensure excellent quality. Through precise cutting, molding, hot bending and cold bending technology, the raw materials are shaped into the desired shape. Use polishing, frosting and other processes to improve the appearance and practicability of the product. In order to ensure product quality and consistency, the production workshop has a strict quality inspection link. At the same time, the equipment and tools are regularly maintained and calibrated to ensure stable performance.
