

JYL[®] JIN YUE LAI

JEANS

JEANS COLLECTION

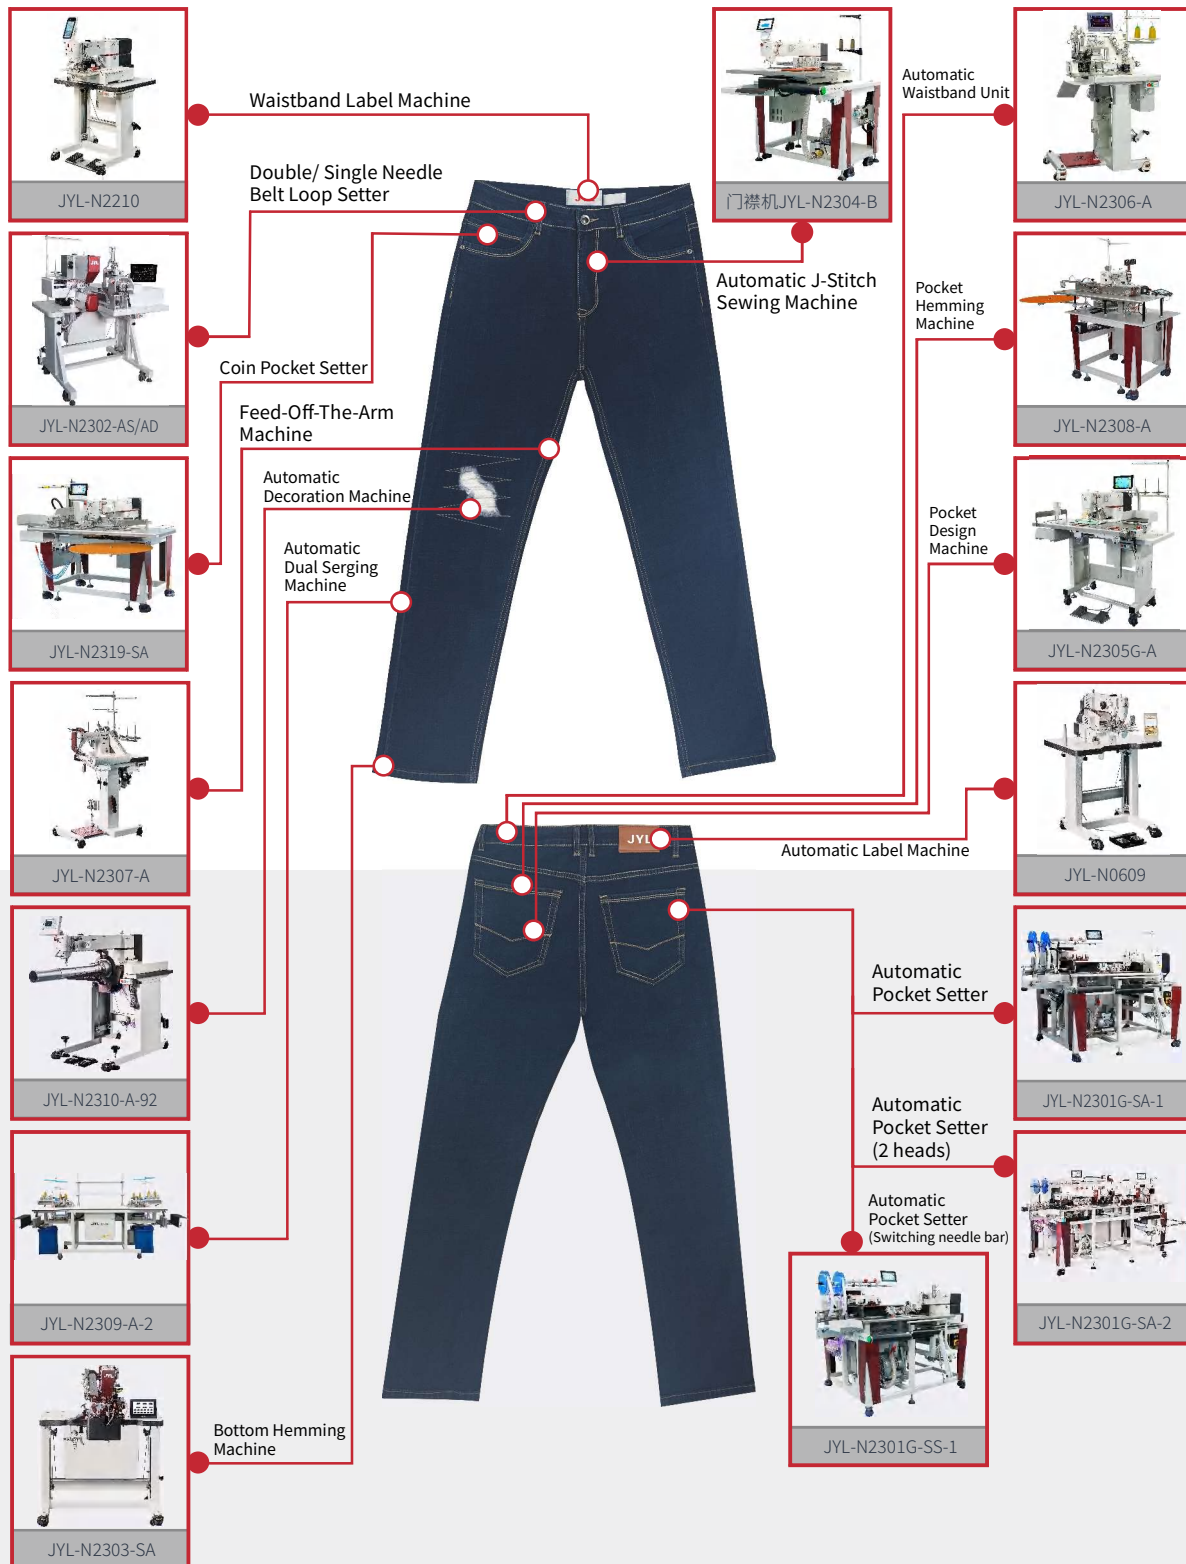

Guangdong Jin Yue Lai Automation Equipment Co.,Ltd, JYL in short, is a manufacturer of computerized pattern sewing machines with more than twenty years' experiences , located in DongGuan City, Guangdong Province, China. With professional R&D team,advanced production lines, experienced Technicians, JYL provides strong guarantee for product development and production.

Based on industrial pattern sewing machine technology, JYL continues to lead the technical development trend of the industry.In the field of sewing technology, JYL pioneered cylinder bed sewing machines in China, and obtained 70% market share of the caps sewing industry. JYL machines are widely used in Caps, Shoes, Bags, and Jeans industries, helping our customers to produce high quality products with Automatic and efficient production lines.

Help customers to promote Automation production line is the next key development direction of JYL, welcome elites from related industries to participate in discussion and cooperation.

It is a national high-tech enterprise specializing in the research and development, production, and sales of industrial sewing equipment. Brand interpretation is innovation, high technology, and modernization.

SAFE · FAST · STABLE · PRACTICAL

JYL is a professional manufacturer of Automation equipment that integrates research and development, production, and sales. It has advanced production lines and an experienced R&D team. With a rigorous and scientific quality management system, JYL provides high-quality products to serve global customers. The company has obtained over a hundred inventions and patents, and has applied them to Automation equipment products. We have been highly recognized and praised by customer across the industry for our strength, honest service, and high-quality products.

JYL-N2301G-SA-1

AUTOMATIC POCKET SETTER

Features:

- ★ Equipped with BROTHER BAS-31XH-05 head.
- ★ Quick jig changing mechanism 1-1.5min.
- ★ Panel Fullness Mechanism 0-30mm.
- ★ Needle cooling system.
- ★ Thread breakage detector.
- ★ Bartack reinforcement function (Optional).
- ✓ Oval shape
- ✓ Box shape

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	Brother BAS-31XH-05
Needles	DPx17
Stitch Length	0.05-12.7mm
Oval Reinforcement XY	15x25mm
Size Of Pockets Max	280x280mm
Voltage	220V-240V
Air Pressure	4-8bar
Control On Spindle & X/Y-axis	AC Servo Motor
Dimensions LxWxH	2070x1450x1550mm
Productivity	2000pcs/day

JYL-N2301G-SS-1

AUTOMATIC POCKET SETTER(SWITCHING NEEDLE BAR)

**Features:**

- ★ Automatic needle bar switching enables dual-color stitching.
- ★ Quick jig changing mechanism 1-1.5min.
- ★ Panel Fullness Mechanism 0-30mm.
- ★ Needle cooling system.
- ★ Thread breakage detector.
- ★ Bartack reinforcement function (Optional).
- ✓Oval shape
- ✓Box shape

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
Size of Pockets Max	280x280mm
Voltage	220V-240V
Air Pressure	0.5 Mpa
Control for Main & X/Y Motor	AC Servo Motor
Dimensions LxWxH	1950x1650x1500mm

JYL-N2301G-YL-1

AUTOMATIC POCKET SETTER(FOR LARGE PANEL)

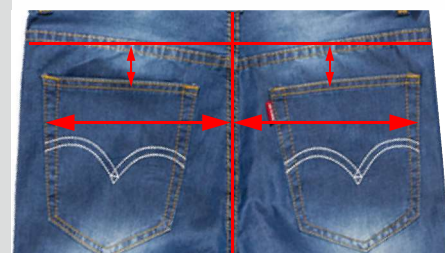

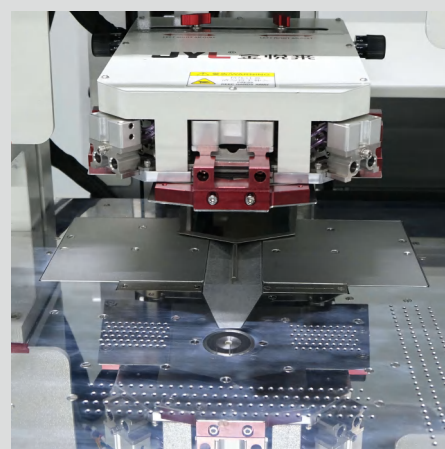

**Features:**

- ★ Bigger space for two leg panel pocket setting procedure.
- ★ Quick jig changing mechanism 1-1.5min.
- ★ Panel Fullness Mechanism 0-30mm.
- ★ Needle cooling system.
- ★ Thread breakage detector.
- ★ Pocket setting after the feed-off-the-arm process, making the position of pockets more precisely.
- ★ Bartack reinforcement function (optional).

✓Oval shape ✓Box shape

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
Size of Pockets Max	280x280mm
Voltage	220V-240V
Air Pressure	0.5 Mpa
Control for Main & X/Y Motor	AC Servo Motor
Dimensions LxWxH	2300x1500x1450mm

JYL-N2301G-SA-2

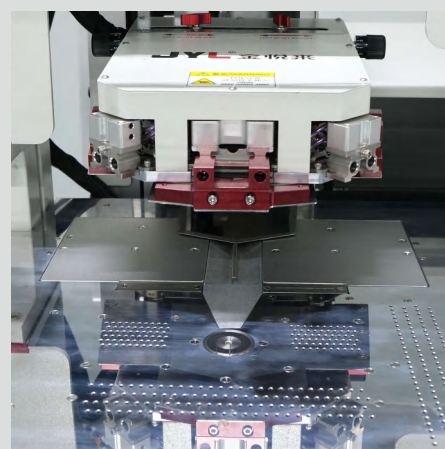

AUTOMATIC POCKET SETTER(2 HEADS)

**Features:**

- ★ Two simultaneous and independent sewing heads.
- ★ Increase productivity 25%.
- ★ Quick Jig Changing Mechanism 1-1.5min.
- ★ Panel Fullness Mechanism 0-30mm.
- ★ Needle cooling System.
- ★ Thread Breakage Detector.
- ★ Bartack reinforcement function (optional).
- ✓Oval shape
- ✓Box shape

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
Size of Pockets Max	280x280mm
Voltage	220V-240V
Air Pressure	0.5 Mpa
Control for Main & X/Y Motor	AC Servo Motor
Dimensions LxWxH	2620x1040x1400mm
Productivity	2400pcs/day

JYL-N2319-SA

AUTOMATIC POCKET SETTER (COIN)

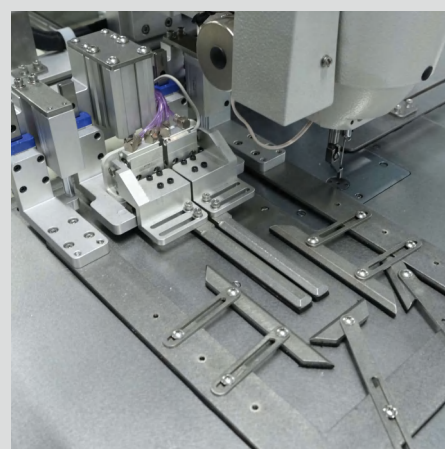

Features:

- ★ Quick jig changing mechanism 1-1.5min.
- ★ Needle cooling system.
- ★ Thread breakage detector.
- ★ Auto-feeding and Auto-stacking mechanism.

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Stitch Length	0.05-12.7mm
Sewing Area X-Y	130x160mm
Voltage	220V-240V
Air Pressure	0.5 Mpa
Motor	AC Servo Motor
X/Y Motor	Stepping Motor
Dimensions LxWxH	1620x1580x1300mm
Productivity	2400pcs/8h

JYL-TD2401G-SA-1

AUTOMATIC POCKET SETTER (KANGAROO)

Features:

- ★ Laser lines for correct placement of the garment.
- ★ Quick jig changing mechanism 1-1.5min.
- ★ Thread breakage detector.
- ★ Extra large sewing field.

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Stitch Length	0.05-12.7mm
Size of Pockets Max	400x280mm
Voltage	220V-240V
Air Pressure	0.5 Mpa
Control for Main & X/Y Motor	AC Servo Motor
Dimensions LxWxH	2280x1550x1520mm

JYL-TD2402G-CS

AUTOMATIC POCKET SETTER (SHIRT)

**Features:**

- ★ Equipped with BROTHER S7300A head.
- ★ Quick jig changing mechanism 1-1.5min.
- ★ Auto-Folding, Auto-Feeding, Auto-Sewing, Auto-Stacking Mechanism.
- ★ Thread breakage detector.

Specifications:

Max Sewing Speed	2800rpm
Stitch Length	0.05-12.7mm
Voltage	220V-240V
Air Pressure	0.5 Mpa
Control for Main & X/Y Motor	AC Servo Motor
Dimensions LxWxH	1610x1080x1650mm

JYL-N2308-A

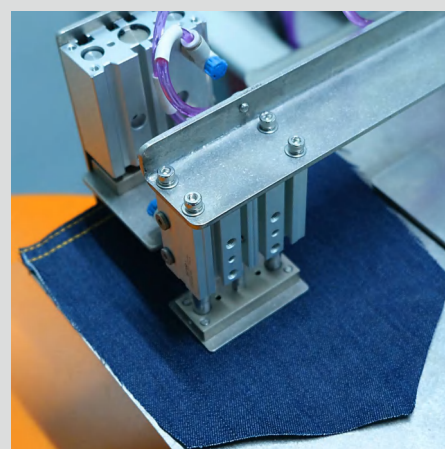

POCKET HEMMING MACHINE

**Features:**

- ★ Equipped with KANSAI head, beautiful stitches with stable performance.
- ★ Double-needle chainstitch.
- ★ Adjustable folder available for each sewing width.
- ★ Wide range of needle gauges are available 3/32, 1/4.
- ★ Suitable for different kinds of material.
- ★ Auto-feeding and Auto-stacking mechanism.

Specifications:

Max Sewing Speed	3000rpm
Sewing Head	Kansai Special 8842
Needles	UY x 128 GAS #11
Needle Gauge	3/32, 1/4
Stitch Length	7-16stitch/inch
Hemming Width	8-15mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Motor	AC Servo Motor
X/Y Motor	Stepping Motor
Dimensions LxWxH	1750x750x1300mm
Productivity	2000pcs/h

JYL-N2304-B

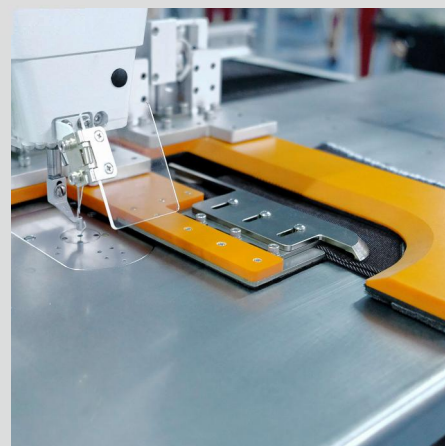

AUTOMATIC J-STITCH SEWING MACHINE

**Features:**

- ★ Stepping motor control enables more precise feeding positions.
- ★ Easy to change the size of jig to make different size of fly.
- ★ Thread breakage detector.

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Stitch Length	0.05-12.7mm
Sewing Area	250x100mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Motor	AC servo motor
X/Y Motor	Stepping motor
Dimensions LxWxH	1020x670x1170mm

JYL-N2306-A

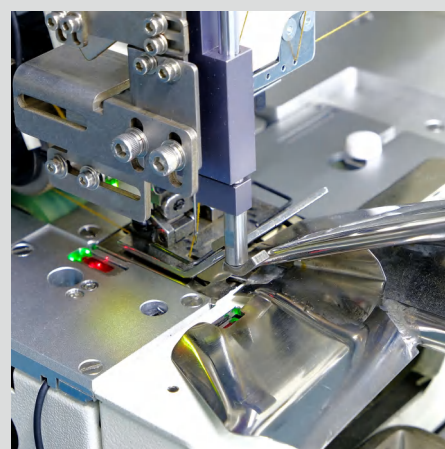

AUTOMATIC WAISTBAND UNIT

**Features:**

- ★ Equipped with KANSAI DLR-1509P sewing head.
- ★ Top & bottom puller synchronized feeding.
- ★ Bent shape or Straight shape waistbands can be sewn by this unit.
- ★ Waistband cutting front and end programmable.
- ★ Skip stitching mechanism.
- ★ Available needle gauge: 1/8" - 1/8" - 1" - 1/8" - 1/8".

Specifications:

Max Sewing Speed	4500rpm
Sewing Head	KANSAI DLR-1509P
Needles	TV-5
Stitch Length	6-12 stitch/inch
Waistband Width	30-43mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Waistband Shape	bent/ straight shape
Chopping Method	Automatic trimming
Dimensions LxWxH	610x690x1050mm
Productivity	180-225 pants/h

JYL-N2307-A

FEED-OFF-THE-ARM MACHINE

**Features:**

- ★ Equipped with Brother-DA-928A Sewing Head.
- ★ 3 needle with standard needle gauge 1/8x2.
- ★ Auto-feeding, Auto-Trimming, Auto-Lifting.
- ★ Belt puller synchronized feeding.
- ★ Automatic thread loosening function.

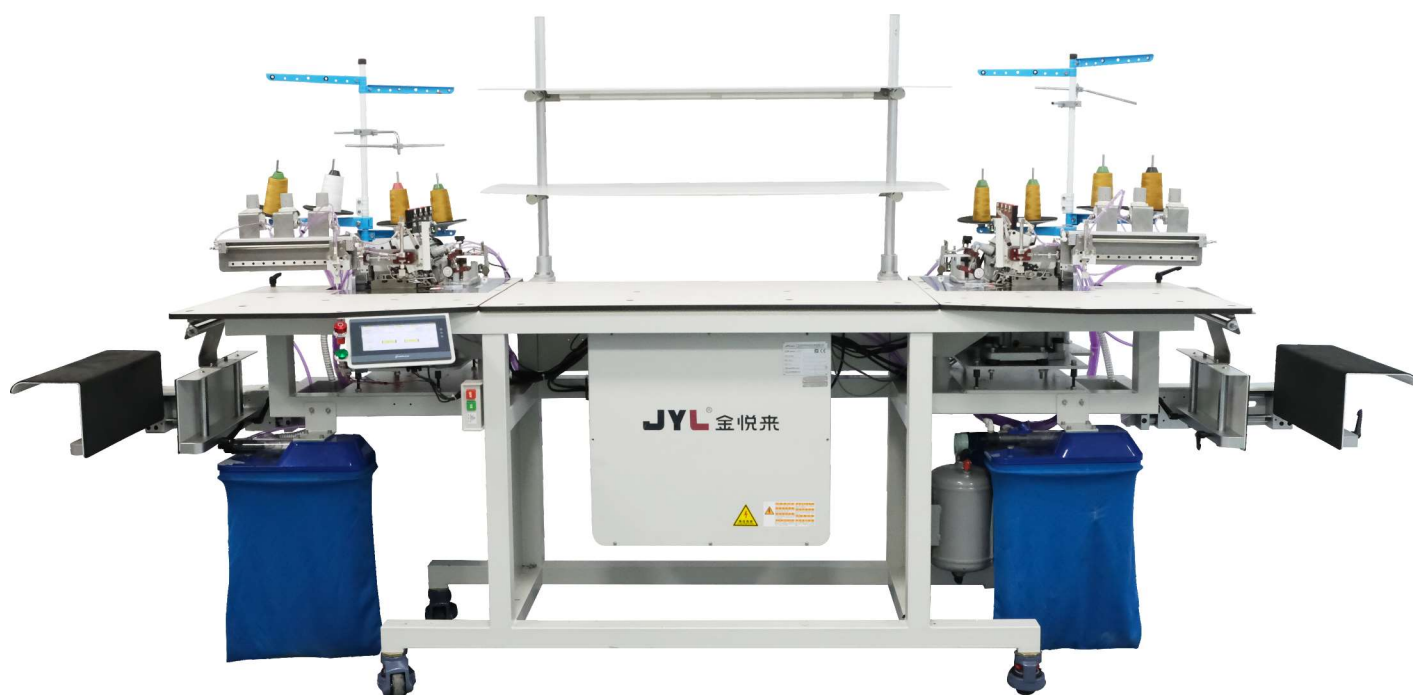

Specifications:

Max Sewing Speed	4000rpm
Sewing Head	Brother DA-928A
Needles	TVx5
Stitch Length	2-5mm
Needle Gauge	1/4
Voltage	220V-240V
Air Pressure	0.5Mpa
Electric Motor	Servo Motor
Dimensions LxWxH	990x620x1880mm

JYL-N2309-A-2

AUTOMATIC DUAL SERGING MACHINE

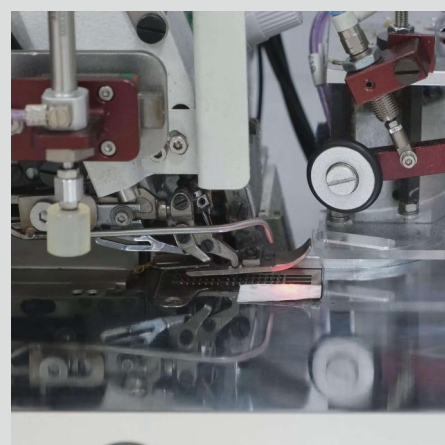

Features:

- ★ Equipped with PEGASUS EX5214 sewing head.
- ★ One operator / two units.
- ★ Adjustable overlocking width with good stitch performance.
- ★ Suitable for different kinds of material.
- ★ Automatic stacking system for long panels.

Specifications:

Max Sewing Speed	4000rpm
Sewing Head	Pegasus EX5214-03
Fabric Weight	Medium-Heavy
No. Of Needles	2
No. Of Threads	4-6
Needle Gauge	2mm
Overedge Width	3-5mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Dimensions LxWxH	3200x1040x1400mm

JYL-N2303-SA/JYL-6890-AR

BOTTOM HEMMING MACHINE

· JYL-N2303-SA ·

· JYL-6890-AR · (Looper)

Features:

- ★ External puller device prevents material distortion and improves stitch consistency.
- ★ Double capacity rotary hook, largely reduce the frequency to change the bobbin.
- ★ Auto-presser foot lifting, auto- thread trimming, auto-folding.
- ★ Innovative sewing machine frame can meet various operation requirement.

Specifications:

Max Sewing Speed	3500rpm
Sewing Head	JYL Original Head
Needles	DPx5
Stitch Length	0.8-12.8mm
Hemming Width	8-30mm
Voltage	220V-240V
Air Pressure	0.5MPa
Dimensions LxWxH	1020x670x1170mm
Productivity	120pants/h

JYL-N2302-AS

DOUBLE NEEDLE BELT LOOP SETTER

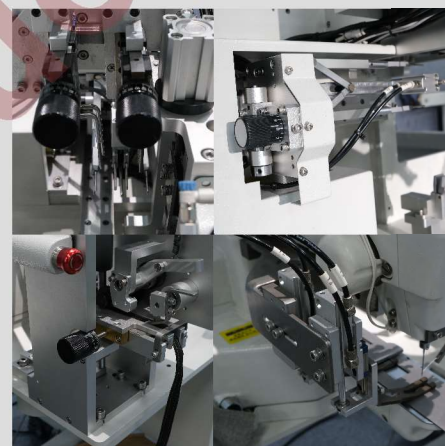

· JYL-N2302-AD · (Single Needle)

Features:

- ★ Independent design of double needle bar and double thread take-up lever.
- ★ Distance between bartacks, needle center, loop folding length and presser foot are all controlled by an external adjustment device, making jig changing quickly and convenient.
- ★ Fully automatic feeding and trimming system.
- ★ Smart loop joint detector device.
- ★ Could achieve belt loop setting and bartacking with 1 machine.

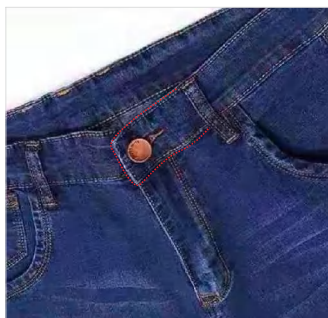

Specifications:

Max Sewing Speed	2500rpm
Hook	Shuttle Hook
Needles	DPx17
Stitch Field	X:7-22mm Y:1-3mm
Needle Distance	38-70mm
Loop Width	9-20mm
Needle Distance Adjusting	Digital/Manual
Presser Foot Lift MAX	21mm
Main and Axis Motor	Servo/ Stepping Motor
Trimming Shape(mm)	Flat/ V shape (8.5-20)
Voltage	220V-240V
Air Pressure	0.5MPa
Dimensions LxWxH	1190x890x1260mm
Productivity	180pants/h

JYL-B2210G-FZ

WAISTBAND END SEWING MACHINE

Features:

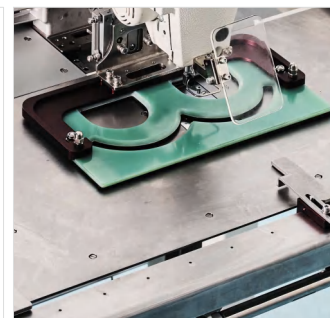

- ★ Needle cooling system.
- ★ Thread breakage detector.
- ★ Quick jig changing mechanism.

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
XY Size	220x100mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Dimensions LxWxH	1200x850x1310mm

JYL-N2305G-A

POCKET DESIGN MACHINE

Features:

- ★ Double capacity shuttle hook.
- ★ Auto lowering stacker function.

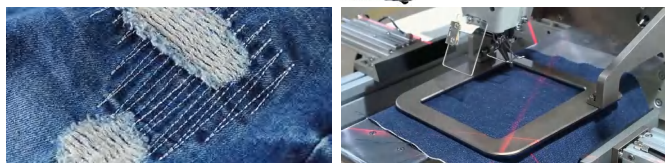

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
XY Size	230x90mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Dimensions LxWxH	1000x1000x1200mm
Productivity	360pockets/h

JYL-G3020L

AUTOMATIC DECORATION MACHINE

(FLAT TYPE)

Features:

- ★ Memory storage function allows to store several patterns and can easily retrieved the latest pattern.
- ★ 4 kinds of stepping foot length are available: 8, 10, 15, 20mm.
- ★ Sewing arm width: 5, 10, 15cm; length: 15cm.

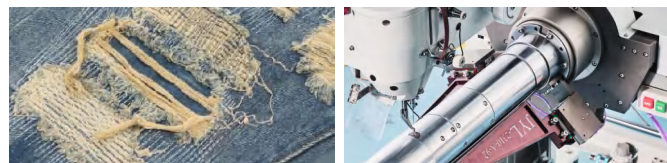

Specifications:

Max Sewing Speed	2700rpm
Sewing Head	JYL Original Head
Stitch Length	0.05-12.7mm
XY Size	300x200mm
Voltage	220V-240V
Max Sewing Stitches	20000stitches/pattern
Presser Foot	Pneumatic
Max Presser Foot Lift	30mm
Dimensions LxWxH	1170x1200x1220mm

JYL-N2310-A-92

AUTOMATIC DECORATION MACHINE

(CYLINDER TYPE)

Features:

- ★ Cylinder design is easy to operate with finished pants.
- ★ Easy programmable for every pattern style.
- ★ Side clips replace regular jigs will increase working efficiency.

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
XY Size	150x300mm
Voltage	220V-240V
Air Pressure	0.5MPa
Motor	AC Servo Motor
Dimensions LxWxH	1580x700x1400mm

JYL-N2210

WAISTBAND LABEL MACHINE

Features:

- ★ All kinds and forms of labels can be sewn.
- ★ No skilled operators are required for this unit.
- ★ Equipped with scale-marking mechanism to improve sewing result.

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
XY Size	220x100mm
Voltage	220V-240V
Air Pressure	0.5MPa
Dimensions LxWxH	800x750x1160mm

JYL-N0609

AUTOMATIC LABEL MACHINE

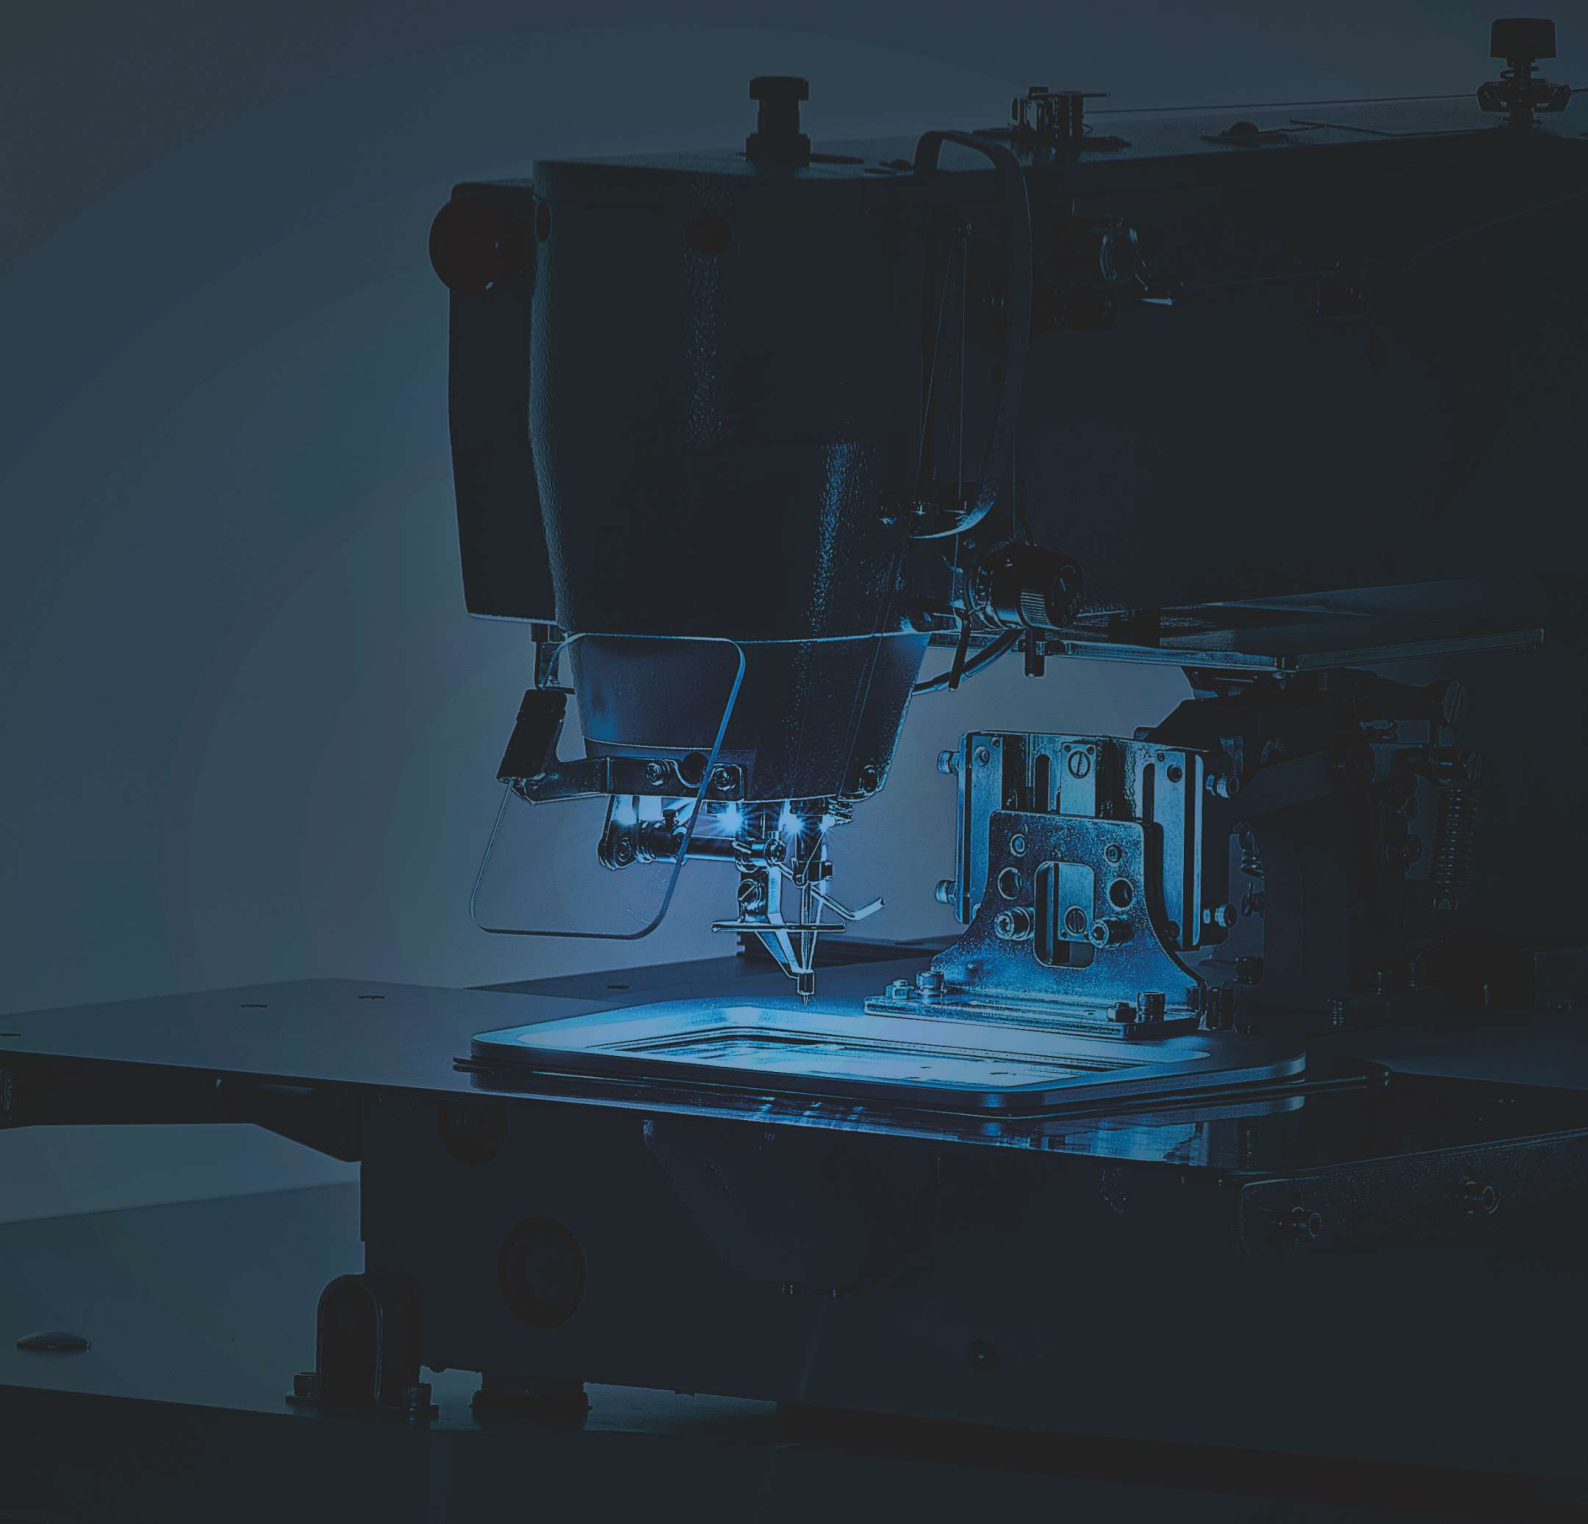

Features:

- ★ All kinds and forms of labels can be sewn, include label with beltloop opening.
- ★ No skilled operators are required for this unit.
- ★ Equipped with scale-marking mechanism to improve sewing result.

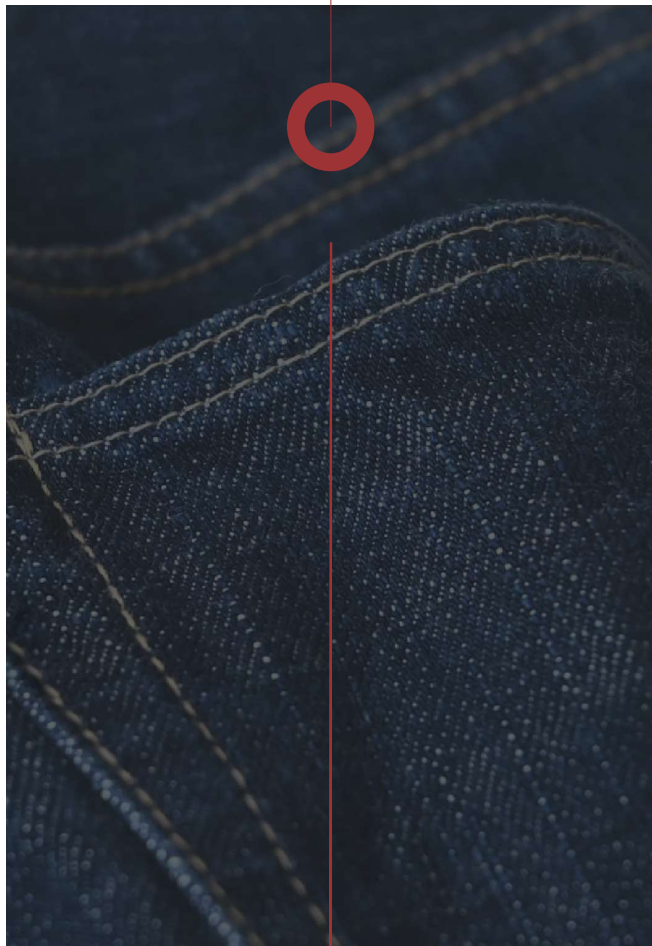

Specifications:

Max Sewing Speed	2800rpm
Sewing Head	JYL Original Head
Needles	DPx17
Stitch Length	0.05-12.7mm
Standard XY Size	100 x 80mm
Voltage	220V-240V
Air Pressure	0.5Mpa
Dimensions LxWxH	800x750x1180mm
Productivity	2000 labels/8h
