HR&BPS Knitwear

Established in 2018

Manufacturer | Dhaka, Bangladesh

Where Quality Meets Craftsmanship

Custom Knitwear & T-Shirt Manufacturing Partner

COMPANY OVERVIEW

At HR&BPS Knitwear, we believe every garment carries a message. Based in Dhaka, Bangladesh, we are a dedicated knitwear manufacturing unit specializing in high-quality, custom-made T-shirts and knitwear products for international buyers.

We are currently supplying knitwear products to buyers in the USA and European markets, consistently maintaining international quality standards, compliance requirements, and on-time delivery performance.

We work closely with brands, organizations, churches, startups, and retailers to turn ideas into wearable products that people genuinely love to wear. Whether you need a small branded batch or a large-volume production, we approach every order with care, honesty, and long-term partnership in mind.

Instead of focusing on being the biggest factory, we focus on being reliable, flexible, and transparent —qualities that matter most to growing and established brands alike.

OUR PRODUCT RANGE

We specialize in knitwear products, including:

- 100% Cotton T-Shirts
- Single Jersey T-Shirts
- Sports Jerseys
- Activewear & Performance Wear
- Promotional & Event T-Shirts
- Private Label T-Shirts for Brands

FABRIC & MATERIALS

- 100% Cotton
- Single Jersey Fabrics
- Performance & Activewear Fabrics (as per buyer requirement)
- Custom GSM options available

We follow a controlled fabric development process starting from yarn selection, in-house knitting, and buyer-approved color dyeing. Each fabric lot is carefully inspected before cutting and production to ensure consistent quality, color accuracy, and performance throughout the manufacturing process.

OEM & ODM SERVICES

At HR&BPS Knitwear, we offer both OEM (Original Equipment Manufacturing) and ODM (Original Design Manufacturing) services to support brands at every stage of growth.

OEM Services

- Production based on buyer-provided designs, tech packs, and specifications
- Custom fabrics, GSM, colors, and size charts
- Private labeling with buyer brand identity

ODM Services

- Design and product development support
- Fabric and fit suggestions based on target market
- Print technique recommendations for best results

Whether you have a complete design or just an idea, our team can support you from concept to finished garment.

IN-HOUSE PRINTING & CUSTOMIZATION

Our in-house printing division allows us to maintain full control over quality, timelines, and customization.

Printing Techniques We Offer:

- Screen Printing (Rubber, Pigment, High-Density, Puff)
- DTF (Direct to Film) Printing
- Sublimation Printing
- Vinyl Printing
- Roller Heat Press
- Transfer Sticker Printing
- Emboss Print
- TPU Sticker Printing

We support:

- Custom logos & artwork
- Brand labels (neck label, care label, size label)
- Private labeling for your brand

Your design stays your design—we simply bring it to life with clean, durable, and vibrant results.

GLOBAL FIT & PATTERN CAPABILITY

To support global e-commerce and international retail markets, HR&BPS Knitwear offers product development based on regional fit and pattern requirements.

We can produce garments according to:

- Asian Fit & Pattern
- Middle East Fit & Pattern
- European Fit & Pattern
- North American Fit & Pattern

Buyers simply need to inform us of their target market or preferred fit standard, and our team will follow the required measurements and specifications. This allows our partners to sell confidently across multiple regions through online platforms and international retail channels.

Size Range & Customer Categories

We manufacture knitwear products for a wide range of customers, including:

- Baby & Kids Wear
- Men's Wear
- Women's Wear
- Unisex Products

Size Options:

- Baby & Kids Sizes
- Adult Sizes (XS to XXL and above as required)
- Custom size charts based on buyer specifications

We strictly follow buyer-approved size charts to ensure consistency and customer satisfaction across global markets.

Order Flexibility

We proudly support bothsmall and bulk orders, making us an ideal manufacturing partner for:

- Startups & new brands
- Online sellers
- Growing fashion labels
- Corporate & event buyers
- Family reunions & group events

Small MOQ available

This flexibility allows our buyers to test markets, launch collections, or manage inventory efficiently without unnecessary pressure.

QUALITY CONTROL SYSTEM

Ownership-Supervised Quality Management

Quality control at HR&BPS Knitwear is directly supervised by factory ownership, ensuring strict accountability, consistency, and adherence to buyer specifications at every stage of production.

QC Team Structure

- Dedicated Quality Control Staff: 2 members
- Direct supervision by Factory Owner
- Final approval before packing and shipment

Multi-Stage Quality Control Process

Our quality control system covers every step of production:

- Fabric inspection before cutting
- In-line stitching quality monitoring during sewing
- Printing inspection for color accuracy, sharpness, and durability
- Post-printing final inspection
- Measurement verification before packing
- Ironing and visual finishing inspection

Each garment is checked to ensure consistency with buyer-approved samples and size charts.

Quality Focus Areas

We maintain international buyer expectations by focusing on:

- Fabric durability and performance
- Wearing comfort
- Accurate sizing consistency
- Long-lasting and wash-resistant prints

Every order—small or large—receives equal attention and careful supervision.

MACHINERY & PRODUCTION CAPACITY

Production Overview

HR&BPS Knitwear operates with structured production planning to support both small custom batches and bulk manufacturing orders.

- Sewing Machines: 30 units
- Skilled Manpower: 45 workers
- Monthly Production Capacity: 30,000 pieces
- Annual Output Capacity: Approximately 360,000 pieces

Production capacity may vary depending on product category, fabric type, design complexity, and printing requirements.

Production Capability Highlights

- Capable of handling OEM & ODM orders
- Flexible MOQ for startups and growing brands
- Bulk production capability for corporate and export buyers
- In-house printing and customization support

PACKAGING & SHIPMENT

We provide flexible and buyer-oriented shipment solutions based on order quantity, destination, and urgency.

Shipping Terms & Methods

- EXW (Ex Works)
- FOB (Free On Board)
- CIF (Cost, Insurance & Freight)
- Air Freight (FedEx, DHL, UPS)

Our shipping options are designed to meet different buyer requirements while ensuring safe handling, proper documentation, and timely delivery.

When to Use Which Method

- **Air Freight** – Ideal for samples, small quantities, or urgent orders
- **FOB Shipment** – Recommended for bulk and container-based orders
- **CIF Shipment** – Suitable for buyers who prefer door-to-port solutions

Packaging Options

- Individual poly packing (as required)
- Size-wise packing
- Buyer-specific or custom packing options

We work closely with buyers to ensure secure packing, clear communication, and on-time global delivery.

1-PAGE PATTERN & SIZE CHART SUMMARY (BUYER QUICK VIEW)

Global Fit & Pattern Support

We develop garments according to regional body measurements and market standards, enabling our buyers to sell confidently across global e-commerce platforms.

Supported Fit & Patterns:

- **Asian Fit** – Slim & regular proportions
- **Middle East Fit** – Comfort-focused with balanced length
- **European Fit** – Structured & standard EU sizing
- **North American Fit** – Relaxed fit with accurate chest & length ratios

Buyers only need to tell us which market they are selling in. We follow the appropriate fit or buyer-approved size chart.

Size Range Overview

Baby & Kids

- Newborn to Youth sizes

Adults

- **Men:** XS – 5XL (and above if required)
- **Women:** XS – 5XL (custom grading available)
- **Unisex:** Standard global sizing

All sizes are produced based on buyer-approved measurements to ensure consistency and customer satisfaction.

All measurements are standard references. Final production follows buyer-approved size charts.
