PRODUCTION CAPACITY

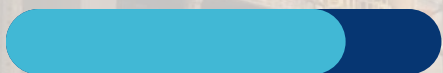

EZY BAY
TRADE PTE LTD

14.5+ Ha
Plantation Land

500+ Tons
Total current production per month

6.000+ Tons
Total current production per year

Our Extensive Reach Unveiled

We operate 14.5+ Ha production facility in Central Java, West Java, Flores, Aceh, Bali. Our mission is to empower local farmers and create positive transformations within our communities.

Addressing Your Requirements

With a robust production capacity exceeding 500 tons per month, our annual output of 6.000 tons (gross) is very important to our commitment to meeting demands. As demand continues to rise, our steadfast focus on expanding production capacity persists. The construction of an expanded facility signals our dedication to sustained growth and operational excellence.

SMOKELESS**

Superior roasting machine offers 100% hot air heat transfer for higher consistency, a smokeless system, a touch screen control panel and a fully automated roasting capability

COLOR SORTER

EZY BAY
TRADE PTE LTD

This High Efficiency Color Sorter Machine is designed for precise material, grain, and bean sorting with a chute-type structure. It achieves >99.999% accuracy and a carry over ratio of > 12:1, ensuring optimal performance. Equipped with CCD cameras, it supports continuous automatic sorting and offers high efficiency working.

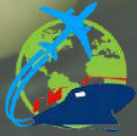

DESTONER NORDIC BASIC

EZY BAY
TRADE PTE LTD

A coffee destoner removes stones and heavy impurities from beans, ensuring safety, protecting equipment, and delivering clean, high quality coffee essential for specialty production.
