Appendix : Full Patent List

Category	Number	Date	Status	Description
Registered Patent	10-2656098	2024.04.04	Granted	Automated prefilled syringe packaging system
Registered Patent	10-2662592	2024.04.26	Granted	Dialysis device for cosmetic drug manufacturing
Registered Patent	10-2663825	2024.04.30	Granted	HA complex for wrinkle and elasticity care
Registered Patent	10-2686600	2024.07.16	Granted	Cross-linked HA cosmetic composition
Registered Patent	10-2766594	2025.02.06	Granted	Atelocollagen composite filament preparation method
Registered Patent	10-2782681	2025.03.12	Granted	Filler composition with cross-linkable tropoelastin
Registered Patent	10-2806073	2025.05.07	Granted	LNP composition for skin improvement
Registered Patent	10-2818750	2025.06.05	Granted	Plant-based collagen anti-wrinkle composition
Registered Patent	10-2822252	2025.06.13	Granted	Chitosan-based wound dressing composition
Application Pending	10-2024-0101991	2024.07.31	Application Pending	Polycaprolactone-based filler composition
Application Pending	10-2025-0076493	2025.06.11	Application Pending	LNP-based skin booster with composite peptides
PCT Application	PCT/KR2024/013314	2024.09.04	Application	Atelocollagen-based composite filament preparation method
PCT Application	PCT/KR2024/013316	2024.09.04	Application	Tropoelastin-crosslinkable polymer filler
