A name for Reliability & Quality...

RAMAA INCUBATORS PVT LTD

Innovate. Incubate. Elevate

About Ramaa Incubators Pvt Ltd

Ramaa Incubators Pvt. Ltd. is a Hyderabad - based company specializing in design, manufacture, and export of high-performance poultry incubators and hatchery systems. Since 2004, we've supported farmers across India and internationally with durable, automated solutions that improve hatchability and reduce manual effort. We design and manufacture reliable, high-performance poultry incubators that cater to farms and hatcheries. Our incubator services are built for consistent hatchability and easy operation, ensuring poultry success at every scale, from small operations to larger startup incubation projects.

OUR MISSION is to empower poultry farmers and hatcheries with reliable, innovative, and energy-efficient incubation solutions. We are dedicated to providing world-class incubator services and spare parts that ensure precision, sustain ability, and maximum hatchability. By combining technology with hands-on expertise, we aim to support our customers in achieving consistent growth, operational efficiency, and long-term success through effective startup incubation. Our machines are used in Kenya, Nigeria, Uganda, Ghana, Malawi, Bangladesh and beyond ensuring high hatchability in all climatic conditions.

WHY CHOOSE US : With proven expertise, we deliver high-performance, energy-efficient poultry incubators tailored to your needs. Our precision engineering ensures consistent hatchability. Backed by innovation, durability, and responsive after-sales support, we offer reliable, affordable solutions trusted by hatcheries across the world.

Our Wide Range of Incubators

16,200 Egg Capacity Incubator is a high-performance, fully automated hatching solution designed for medium- to large-scale poultry operations. Engineered for reliability, uniform embryo development, and operational efficiency, this incubator features an advanced **trolley-based loading system** that simplifies egg handling, reduces labour, and enhances bio security. Equipped with robust stainless-steel trolleys holding modular egg trays. Ensures quick loading/unloading with minimal egg handling, reduces breakage with optimal hatchability. Facilitates easy sanitation and movement of eggs between incubation and hatching zones. Multi-point digital sensors maintain temperature with $\pm 0.1^{\circ}\text{C}$ accuracy.

Even heat distribution using optimized airflow and energy-efficient fans. Turns eggs at regular intervals to prevent embryo adhesion and ensure uniform development. Smooth, vibration-free operation for maximum hatch success. Displays temperature, humidity, turning cycle, alarms and fan RPM.

Maximize your hatchery output with our **30,240-Egg Capacity Double Setter Incubator**. Designed for large-scale poultry operations, this industrial-grade incubator features automatic egg turning, precise digital temperature and humidity control, and a dual-stage setter/hatcher system for seamless incubation and hatching. Built for efficiency, reliability, and high hatchability, it reduces labour while ensuring uniform, healthy chicks—perfect for professional hatcheries handling high volumes. Ideal for: Chicken, duck, turkey, quail, and multi-species hatcheries.

Boost your hatchery performance with our **1000-Egg Capacity Fully Automatic Incubator Cum Hatcher**—designed for farmers and breeders who want high hatchability with minimum effort. This advanced incubator features precise digital temperature and humidity control, automatic egg turning, and a high-efficiency airflow system to ensure uniform embryo development. Built with a durable, insulated cabinet and a user-friendly control panel, it delivers consistent, professional-level results while keeping energy consumption low. This machine combines reliability, convenience, and superior hatch ability in one powerful unit. **300-Egg Capacity Incubator Cum Hatcher** is a compact, fully automatic, all-in-one machine. This model combines setting and hatching functions in a single chamber, delivering excellent hatch results while saving space, time, and cost.

90,720 Eggs Capacity

Total capacity: 90,720 chicken eggs

Egg turning angle: 45° – 60° (Horizontal Turning)

Temperature : 99.9°F

Humidity range: 85.5 – 86.5°F

Power supply: 220–240V / 50–60Hz

Material: Hylam Sheet Body with thermocol sheet

60,480 Eggs Capacity

Total capacity: 60,480 chicken eggs

Egg turning angle: 45°–60° (Horizontal Turning)

Temperature : 99.9°F

Humidity range: 85.5–86.5°F

Power supply: 220–240V / 50–60Hz

Material: Hylam Sheet Body with thermocol sheet

30,240 Eggs Capacity

Total capacity: 30,240 chicken eggs

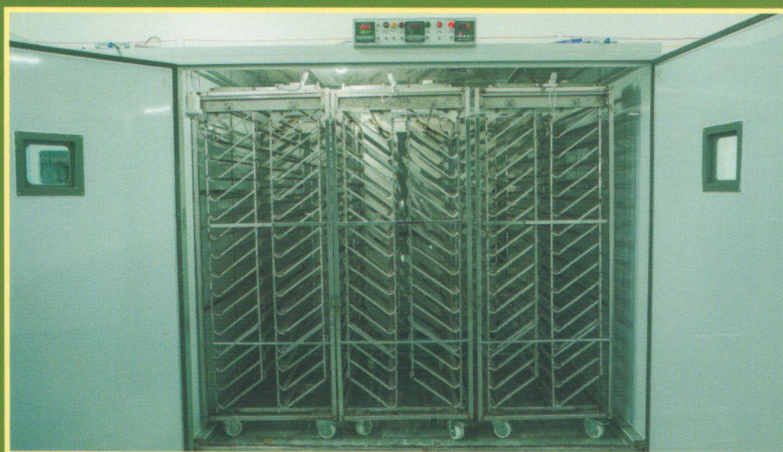

Egg turning angle: 45°–60° (Horizontal Turning)

Temperature : 99.9°F

Humidity range: 85.5–86.5°F

Power supply: 220–240V / 50–60Hz

Material: Hylam Sheet Body with thermocol sheet

16,200 Eggs Capacity

Total capacity: 16,200 chicken eggs

Trolleys included: 3

Egg turning angle: 45°–60° (Vertical Turning)

Temperature : 99.9°F

Humidity range: 85.5–86.5°F

Power supply: 220–240V / 50–60Hz

Material: Hylam Sheet Body with thermocol sheet

15,120 Eggs Capacity

Total capacity: 15,120 chicken eggs

Egg turning angle: 45°–60° (Horizontal Turning)

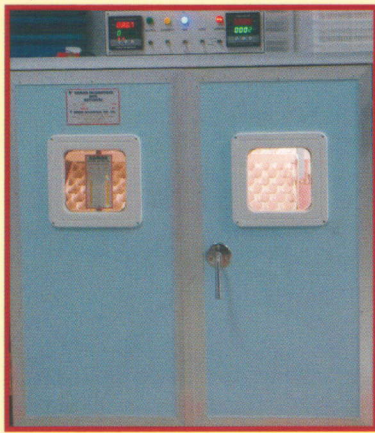

Temperature : 99.9°F

Humidity range: 85.5–86.5°F

Power supply: 220–240V / 50–60Hz

Material: Hylam Sheet Body with thermocol sheet

1,000 Eggs Capacity Incubator cum Hatcher

Total capacity: 1,000 chicken eggs

Egg turning angle: 45°–60°

Temperature range: 99.5°F

Humidity range: 86–87°F

Power supply: 220–240V / 50–60Hz

Material: Hylam Sheet Body with thermocol sheet

300 Eggs Capacity Incubator cum Hatcher

Total capacity: 300 chicken eggs

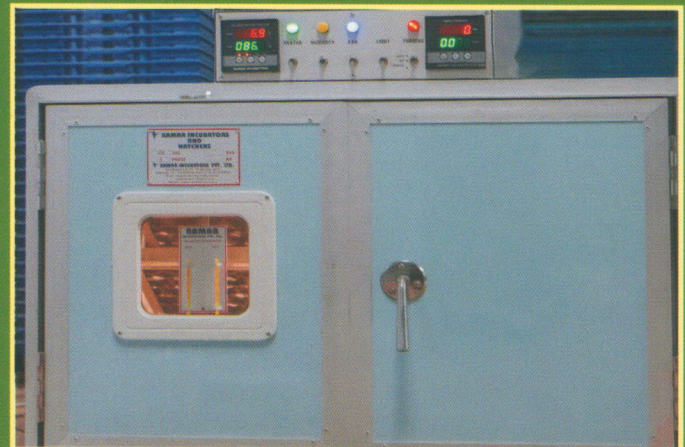

Egg turning angle: 45°–60°

Temperature range: 99.5°F

Humidity range: 86–87°F

Power supply: 220–240V / 50–60Hz

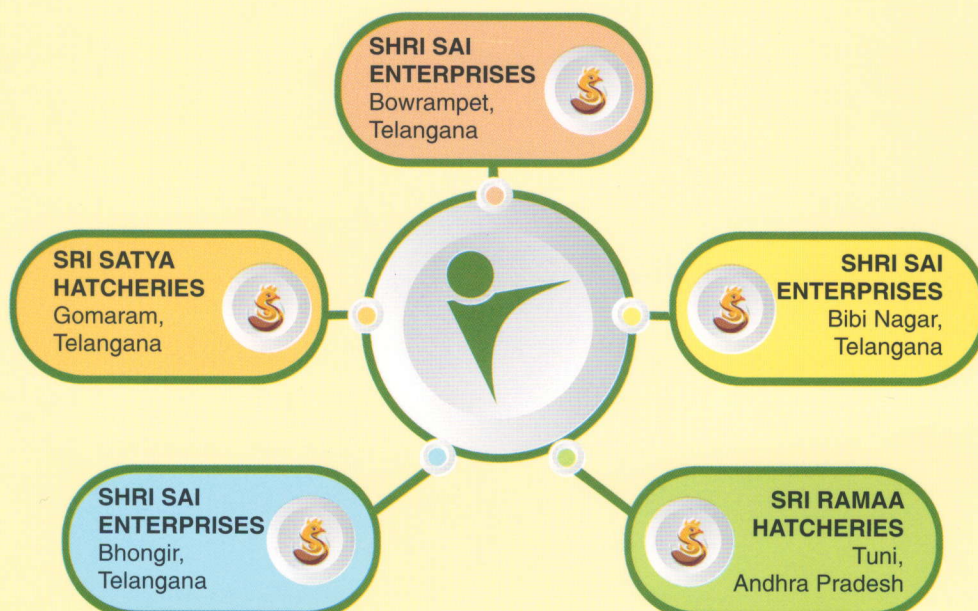

Material: Hylam Sheet Body with thermocol sheet

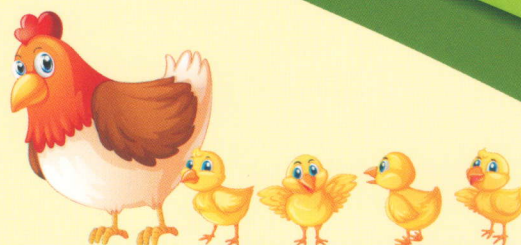

Our Hatchery Network

PART OF RAMAKRISHNA'S POULTRY EMPIRE

backed by proven operations across Telangana & Andhra Pradesh

Delivering Reliable Incubation solutions and
high Hatch Ability across our group...

We love our customers, so feel free to visit during normal business hours.

RAMAA INCUBATORS PVT LTD
