# Welcome Message

**Ihor Korzhuk**  
Founder & Director

## Dear Partner,

At The INTER AGRI TRADE, we believe that trade is not just about moving goods across borders, but also about building trust, reliability and long-term relationships. Every container we ship contains not only our products, but also my personal guarantee of quality, transparency and care.

I founded this company with a simple goal: to make global sourcing from Ukraine seamless and reliable. Over the years, I have seen how clarity, discipline, and genuine partnership can turn transactions into trust. This is the standard I have set for myself, my team, and every deal we make.

When you work with us, you get not only products, but also a responsive partner who listens, adapts and delivers on its commitments. My door is always open, and I personally get involved in the process when necessary so that you have no surprises and don't have to compromise.

I look forward to working with you and growing together.

Warm regards,

**Ihor Korzhuk**

# About US

Since 2025

## About Us

INTER AGRICULTURE TRADE, LLC is a new generation export company created to make international trade faster, easier and smarter. We specialise in the export of processed agricultural products, oils, alfalfa, meal, cake, animal feed, as well as nutraceuticals and extracts. Thanks to our focus on our activities, we know our products inside out, work with trusted suppliers, and control every stage of quality control, compliance, and logistics to ensure smooth imports and stable supplies for our partners.

## Who we are

Founded in Kyiv, the capital of Ukraine, The INTER AGRICULTURE TRADE, LLC combines engineering discipline with the flexibility of a start-up. The company is headed by Ihor Korzhuk, an international lawyer with an MBA. This foundation defines our approach: focused on quality, processes and solutions.

# Vision

To make Ukrainian exports a symbol of specialisation, trust and world-class quality by becoming the best export partner in the field of oilseed and feed processing products worldwide.

# Mission

- 01 Deliver products that consistently meet international standards.
- 02 Simplify imports through clear communication and smooth logistics.
- 03 Build long-term, transparent partnerships.
- 04 Expand responsibly while staying focused on our core strengths.

# Motive

Our goal is simple: turn trade into trust. Every order is handled with care from quality checks to documentation to timely updates -so buyers experience zero surprises and zero compromises.
