PREMIUM TEAK GARDEN & OUTDOOR FURNITURE MANUFACTURER FROM INDONESIA

About Us

Prime Teak Furniture is a trusted Indonesian manufacturer and exporter specializing in premium-grade teak garden and outdoor furniture. Located in Jepara Indonesia's world-renowned furniture center we produce high-quality teak wood to meet international standards. Our craftsmanship is backed by years of industry expertise, modern production systems, and skilled artisans.

We source only certified teak wood from legal government plantations and high-quality reclaimed teak materials from traditional houses. Every piece goes through a meticulous process: careful material selection, kiln drying, precision machining, hand-sanding, and strict quality control. This ensures strength, durability, and long-lasting beauty in every product we deliver.

Over the years, Prime Teak Furniture has successfully exported products to countries across Europe, America, Asia, Africa, Australia, and Oceania. Our dedication to quality, reliability, and personalized service has made us a trusted partner for wholesalers, distributors, retailers, hospitality projects, and real-estate developers worldwide.

Vision

To become a globally recognized Indonesian furniture manufacturer known for exceptional craftsmanship, sustainable materials, and world class service.

Mission

To produce premium outdoor furniture using legally sourced and environmentally responsible teak wood.

To innovate continuously in design, production, and finishing to meet global market expectations.
