SMART ELECTRIC
BETTER LIFE

Global Low Voltage Electrical Intelligence Service Provider

HUANYU ELECTRIC

Since

Crafted by Time, Reimagined by Innovation

Development History

1989

HUYU Group predecessor "Yueqing County Great Wall Low-voltage Electrical Appliance Factory" was established.

1996

Shanghai, Hangzhou, Tianshui and other ten related enterprises jointly formed the cross-region and cross-industry "China Huanyu Group".

2004

HUYU Group Wenzhou Bridge Industrial Park was put into operation.

2006

Approved by the Ministry of Personnel to set up "Post-doctoral Research Station".

2013

HUYU Group (Shanghai) Intelligent Industrial Park, Pudong New Area, Shanghai, completed and in use.

2015

HUYU Group Undergoes asset reorganization.

2018

Awarded "Provincial High-tech Enterprise R&D Center" & "Provincial Enterprise Research Institute".

Strategic Alliance

HUYU was founded in 1989 and forged a strategic partnership with **Eaton Electric** in 2021, jointly establishing **HUANYU HIGH-TECH Co., Ltd.** (abbreviated as **HUANYU ELECTRIC**). We specialize in the R&D, production, and distribution of low-voltage electrical components, committed to delivering superior products and services to global clients.

HUANYU ELECTRIC relies on **Eaton's** century-old accumulation and **HUYU Group's** more than 36 years of industry experience to continuously promote automation and lean production, and is committed to providing customers with a full range of high-quality low-voltage electrical products. We adhere to the development philosophy of innovation-driven and quality-oriented, continue to move forward with the "**HUYU**" brand, strive to build a modern electrical enterprise with an international reputation, and contribute to the sustainable development of the smart electrical industry.

Comprehensive Strength

- National High-tech Enterprise
- State-level Postdoctoral Research Station
- CNAS Laboratory Certification
- Provincial Enterprise Research Institutes
- Provincial High-tech Enterprise R&D Center

R&D Achievements

150+
Over 150 invention patents & utility model patents

40+
Over 40 software copyrights

40+
Participated in the formulation of more than 40 national & industry standards

International Certification

2019

Awarded "National High-tech enterprise".

2020

Awarded CNAS Laboratory Certification / Wenzhou Mayor's Quality Award.

2021

Partnering with Eaton, Huanyu High-Tech Co., Ltd. is officially established / Intelligent production line of small circuit breakers is on line.

2022

Intelligent production line for frame circuit breakers online.

2023

The official establishment of Eaton Huanyu Electro-mechanical (Zhejiang) Co., Ltd.

2024

NE New Energy Series Upgraded and Launched.

2025

Together for a better future!

Research & Development

Special Funds for Research and Innovation

HUANYU ELECTRIC invests more than 5% of sales revenue each year in product R&D and technological innovation. By actively introducing advanced equipment for research and development, production and testing and flexibly applying 2D, 3D, electronic and simulation technical tools to developing process, 28 major series and thousands of specifications of new products were launched in the market, which includes low-voltage electrical appliances, instruments and meters, complete sets of equipment, all with independent intellectual property rights.

Comprehensive Testing Guarantees Safety

With accreditation from the national CNAS laboratory; We, at HUANYU ELECTRIC, runs a comprehensive types of tests including live operation test, mechanical life test, EMC test, raw material analysis, 3D dimension automatic measurement, ambient temperature test, high and low temperature alternating damp heat test, temperature rise test, electronic aging test, 28-day test and ROHS 2.0 ten restricted substances test, etc., to ensure the performance and safety of the product.

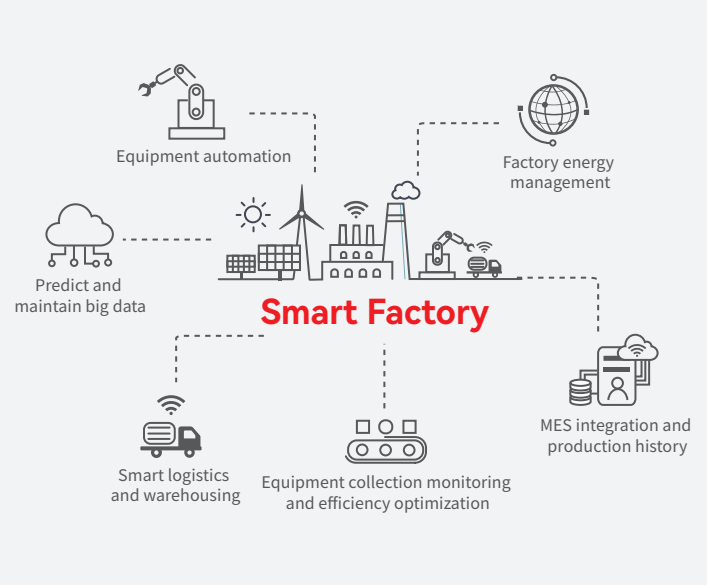

Smart Factory

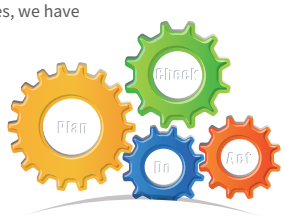

To promote digital transformation, HUANYU ELECTRIC not only introduced multiple intelligent production lines but also integrated equipment automation, intelligent logistics and warehousing systems. In this way, the company has greatly improved energy management efficiency and monitored real-time equipment collection as well as realized benefit optimization. Meanwhile, through integrating the MES, HUANYU ELECTRIC has ensured that production history is traceable. While, failures are prevented by predicting and maintaining big data. We, at HUANYU ELECTRIC, have been striving for excellent quality, realizing the digitization of the entire value chain from demand to delivery, creating a digital and intelligent environment, enabling excellent operations through building a smart factory in an all-round way.

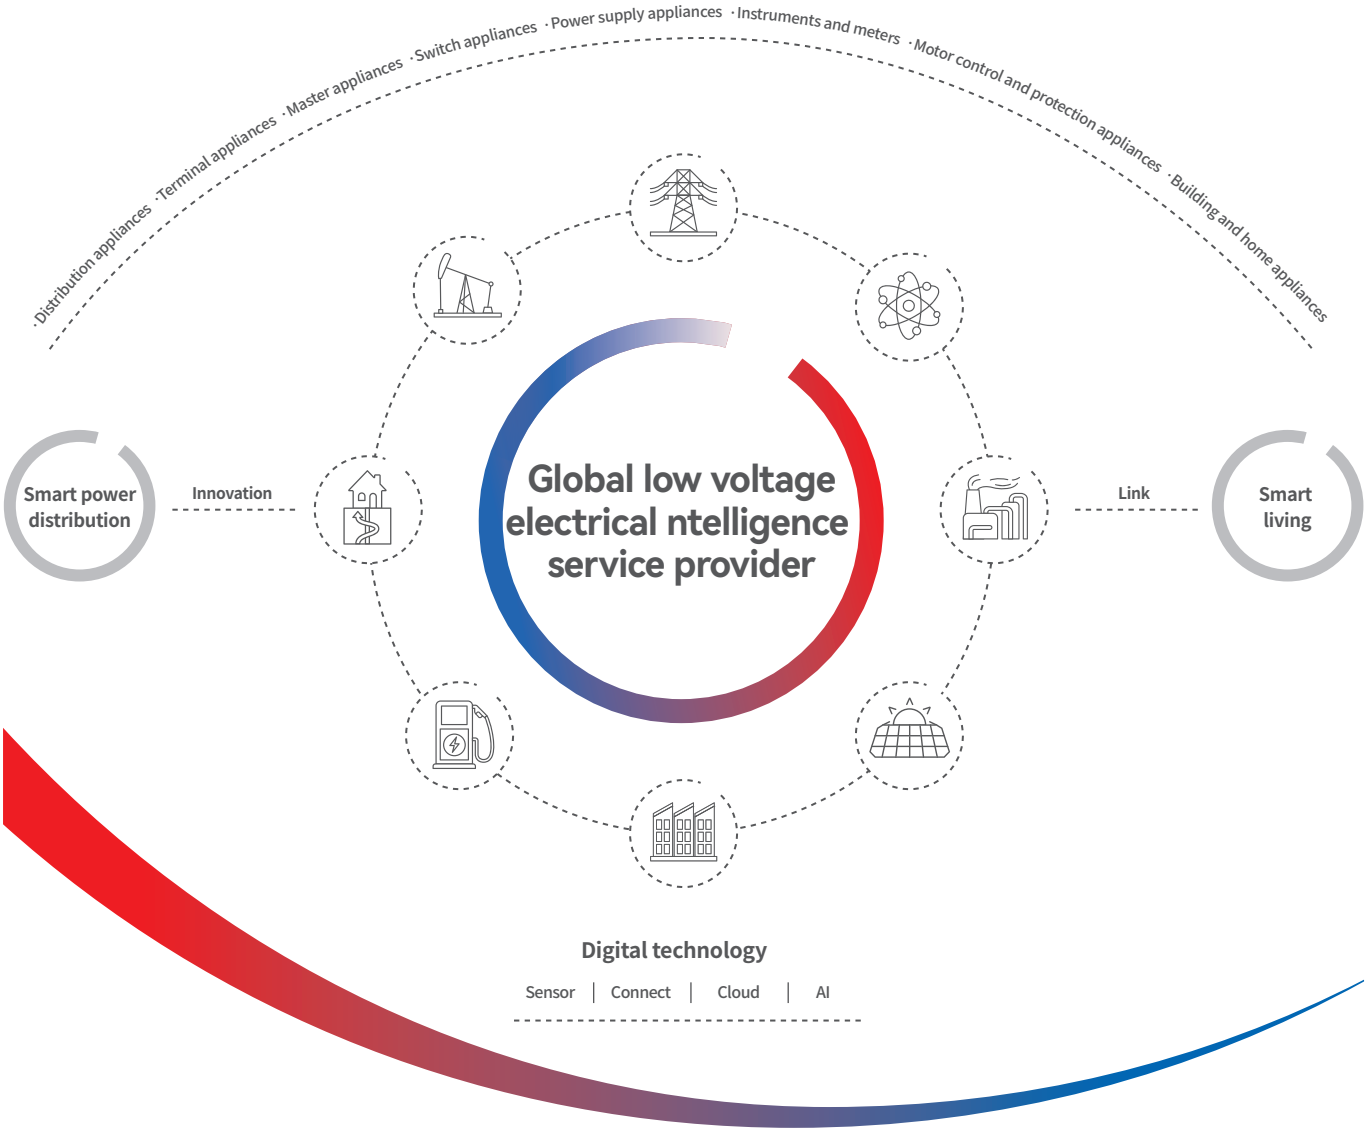

Quality & Trust

HUANYU ELECTRIC adheres to the principle of "Quality is the foundation of enterprise stability". From product development to market services, we have established a complete and traceable product quality system to achieve full monitoring and recording from raw material storage to finished product delivery to after-sales service. We take customer satisfaction as the core indicator of quality management, according to which we have continuously optimized products and services, integrated quality management concepts into R&D, supply chain, manufacturing, market services and other links. HUANYU ELECTRIC is committed to providing customers with safer and more reliable products, thus laying a solid foundation of trust.

Strategic Panorama

Industry Applications

We provide professional low-voltage electrical products and system solutions to power grid infrastructure operators, electromechanical engineering contractors, electrical equipment manufacturers, electrical system integrators in the construction industry, as well as customers in multiple industries such as industrial manufacturing, infrastructure, communications, rail transit, and charging piles.

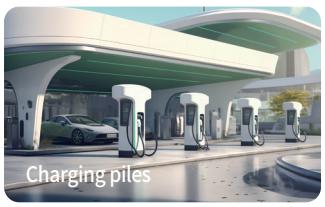

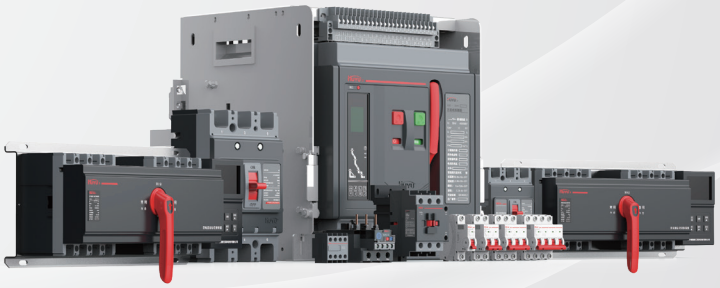

Product

EXPLORER series

SAFETY LIT A FUTURE OF WISDOM

- Multiple protections
- Complete specifications
- Harsh environment
- Family design

HUIZHI series

REPUTATION FOR INNOVATION,QUALITY

- Multiple protections
- Harsh environment
- Advanced platform
- High breaking

SMART series

USE ELECTRICITY WISELY，INTERNET OF EVERYTHING

- Online monitoring
- Remote control
- Multiple protections
- Multiple communications

NE NEW ENERGY series

Green Power, Intelligent Protection

- High voltage
- High breaking
- Non-polarity
- Harsh environment

Business Territory

Based in China, we are actively expanding our global vision, building an all-round international operation system, committing to establishing a global marketing network and logistics platform, and striving to deliver high-quality products to every corner of the world with highly efficient and rapid services to boost the company's internationalization strategy to take off.

Strategic Partner

HUANYU ELECTRIC has always been adhering to the core concept of "customer-oriented, continue to promote high-quality development", to provide customers with excellent products and services. After many years of accumulation, we have concluded deep strategic cooperation bonds with many famous enterprises and major projects at home and abroad.

EATON Powering Business Worldwide | Panasonic | HYUNDAI HEAVY INDUSTRIES CO.,LTD. | GEWISS | SICA

国家电网公司 STATE GRID CORPORATION OF CHINA | 中国南方电网 CHINA SOUTHERN POWER GRID | 大庆油田 | 中国铁建 | 中国中铁置业

SUNAC 融创 至臻 · 致远 | 保利地产 | 绿城集团 GREENTOWN | LVDU 绿都地产 专筑客户价值 | 中昂集团 ZHONG ANG GROUP

TAYOR 上海通用电焊机 | HN 合能 所有梦想都开花 | 华菱 | Nimble 敏捷集团 | YIY 一元电气

Future Outlook

We will constantly innovate, forge ahead, create more value for our customers, and work together to achieve win-win development.
