Foam Face Shield & Manufacturing plant

Please wear the Face Shield all the time during COVID19 pandemic
Not only for yourself but your family & loved one

Why HIP LIK's Foam Face Shield

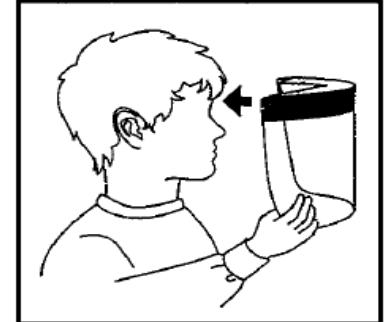

- **【High-quality Materials】** made of super transparent & high-quality PET material
- **【Two-side protective films】** keep scratches before use and clear window
- **【Anti-fog function / Super Clear】** can make your movement much comfortable
- **【Wide window】** wrap-around design, over-the-top, side and front face protection
- **【Comfort to Wear】** softer foam sponge, light weight, highly breathable. Easy to adjust for a custom with elastic headband, suitable for extended wear.
- **【Wide Application】**- suitable for daily use, busy city streets, bad weather, dust weather. Protect you from saliva, splash, sneeze.

STEP 1.

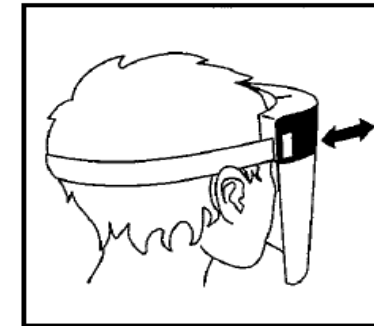

Tear off the protective film
both front & back side

STEP 2.

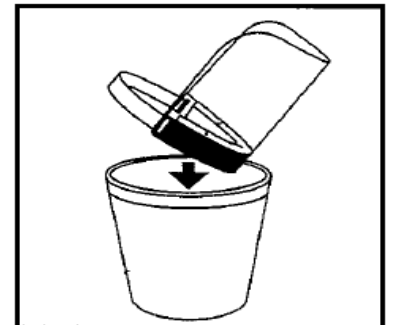

place the foam against your
forehead

STEP 3.

Secure the headband
to fit the head

STEP 4.

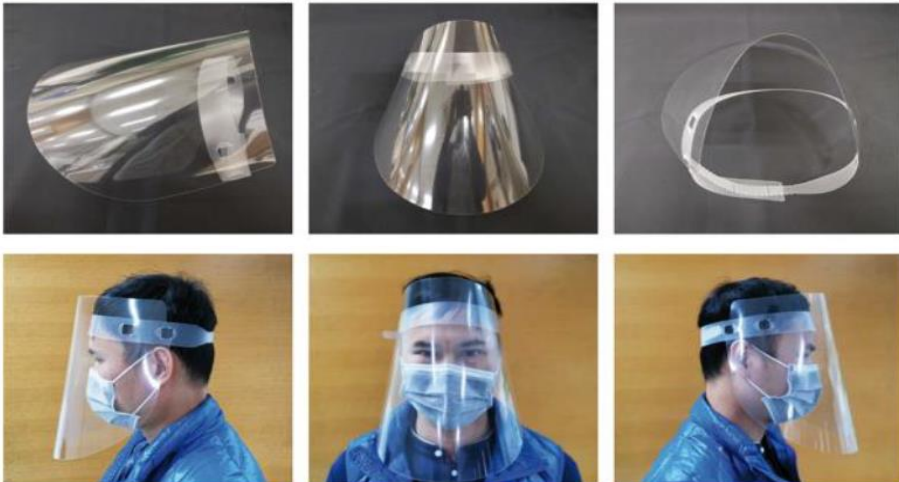

Discard the face shield after use.

Protection from Corona virus, We would like to do our best to serve you in anyway we can.
