Boyut Plastik is a member of Alim Group, which was founded in 2001 in Istanbul, Turkey to export wood-based panels (MDF, Particle Board, Laminate Flooring, Doorskin, worktops and similar products) for furniture and construction industry to Balkan Countries. Alim Group today carries out its sales activities in its warehouses and sales offices in Montenegro, Serbia (Belgrade) and Macedonia (Skopje) in an area of approximately 14.000 m².

The Group also produces edgebanding and wrapping foils for the furniture industry under Boyut Brand at its new headquarters in Istanbul which has a closed area of 15.000 m².

Alim Group grew rapidly as a result of its specialization and expertise in this area and reached an export volume of 75 million euro in total, of which 45 million euro was direct sales.

Founded in 2005, Boyut Plastik produces edge band in PVC, ABS, 3D and Platinum categories in its modern and high technology production facility in Istanbul with a capacity of 8 thousand tons annually and exports half of its production to more than 50 countries.

Our goal in edge band industry is to have a 25% market share in Turkey, and to enter the top 5 among European companies.
