Equipment & Machine Statistics

Machine Name	Qty (Sets)	Features & advertanges
suction feeder	3	high efficiency; energy-saving; smart; EP
automatic heating machine	5	intelligent; energy-saving ; EP
automatic dehumidifier	5	high efficiency ; energy-saving; intelligent; EP
intelligent feeding system	2	intelligent; accurate feeding; no wast ; energy-saving
volumetric doser	5	achromatic; color balancing
sol machine	20	Non-curing; self-healing; excellent performance
intelligent injection molding machine	20	one-time molding; high accuracy and efficiency,guaranteed struction and dimension
intelligent mainpulator	20	high efficiency; guaranteed preform appearance
cabinet drier	25	high efficiency and hygiene; engery-saving;
heating testing machine	5	heated evenly ;engery-saving
eccentric testing machine	5	testdiamension accuracy
color light machine box	5	test color accuracy
packing machine	20	high efficiency
EP airconditioning	20	protect workshop hygiene and environment
