### ***Introduction :***

*Bukwate Logistics is a Ugandan registered business started in April 9<sup>th</sup>, 2021 by Mr. Philip Odoy as the Sole proprietor.*

*This was motivated by the challenges he saw wood merchants and traders (exporters) go through when he was working in the customs department of the Uganda revenue Authority (URA), Kampala, while carrying out their transactions from picking and transporting Doussie and Teak wood logs from South Sudan and Eastern part of Democratic Republic of Congo, to Kampala Internal Container depots (ICDS) for Sawing and containerization before being transported to Mombasa port.*

*The challenges ranged from cross border clearance delays, bad roads and at some point, insecurity, that would cause the closure of some boarder points, yet clients would have already deposited some money to suppliers, this caused a lot of stress and problems to some suppliers.*

*Because of this, he decided to move to Pointe Noire City, Congo Republic, due to its rich forest resources from where he has partnered with certified registered forest societies and freight forwarders for easy access to sawmills and the port to avert time wasting by clearance complications and timely delivery.*

*We procure wood without going through tedious processes, thus, from the forest yard, about 200 kilometers to the sawmill from where the containers are stuffed, then to the port which is about 10 kilometers away.*

*We supply different wood species such as Doussie Pachyloba, Tali, Padouk, Niove, Iroko, Eucalyptus logs and many others, that clients usually need in the Asian continent and other parts of the world.*

**Activities:** *Export of African wood logs*

**Port of Loading:** *Pointe Noire, Congo, Republic*

**Payment Terms:** *FOB Irrevocable transferable Letter of Credit 100% at sight*

**Delivery Time:** *14 to 25 working days from receiving letter of credit*
