TURMERIC

Turmeric is a spice commonly used in cooking in Asian countries.

Turmeric is often used as a spice in dishes such as curry, and is also used to give food a yellow color, or as a preservative.

Bulbs (rhizomes) that are more than one year old can be used as medicine, turmeric tubers are efficacious to cool the body, cleanse, affect the stomach, especially the stomach, stimulate, release excess gas in the intestines, stop bleeding and prevent blood clots.

GINGER

- Ginger in Indonesia has several types. 1.
Elephant Ginger
2. Red Ginger
3. Emprit Ginger

Elephant Ginger is a favourite. In Indonesia, ginger is used as a warm drink during the rainy season or cold weather conditions. This is a recipe passed down from generation to generation.

Ginger is a rhizome commonly referred to as a spice and medicinal ingredient. There are ginger rhizomes that are shaped like fingers that bulge in the middle sections.

BETEL NUT

Betelnut (Areca Nut) is a type of monocotyledonous plant belonging to palms. Plants that have straight and slender stems have many benefits and are commonly known as medicinal plants, cosmetic ingredients, and beverage ingredients.

Betel nut is mainly grown for its seeds. The main parts of the Betel nut that are commonly used are the seeds and stems. Betel nut contains alkaloids such as arekaine (Beteline) and arekoline, which can stimulate the brain. Betel nut simplicia preparations in pharmacies are commonly used to treat intestinal worms, especially to treat tapeworms. Traditionally, betel nut is used in potions to treat dysentery, bloody diarrhea, and scabies. These seeds are also used as a producer of red dyes and tanning materials. Besides being used as an ingredient in treating dysentery, Betel nut can also treat skin wounds, shrink the uterus after giving birth, treat myopic eyes and intestinal worms, produce red dye, tanning and many other benefits.

HARDWOOD LUMP CHARCOAL

LET'S MAKE A TASTIER WORLD

Our Hardwood Lump Charcoal products are made from 100% natural hardwood. Gives a natural smoke taste and does not change the aroma of your food because there are no chemicals in it.

Made in Indonesia with a choice of wood and traditional handling methods but with the best quality. Our Hardwood Lump Charcoal ignites easily, burns longer, heats more and has less ash. Great choice and perfect for barbeque.

Why should you use our lump charcoal?
made from all-natural hardwood from Indonesia
A healthier cooking experience means no filler or chemicals. It is simple to light and emits no spraks, heavy smoke, or ash. cooks food with natural flavors by burning faster and hotter. Our Hardwood Lump Charcoal is an excellent choice.

Classic BBQ flavor
