bahtera benua

COMPANY
PROFILE

An introduction of solution

HIGHLIGHT

a glimpse of our background story.

Bahtera Benua was founded in February 2022 by Muhammad Zefrykhan Bin Rizadhan, a Malaysian entrepreneur that specializes in logistics management. Along with his enthusiastic young team, who have extensive experience in import and export market, mostly in coffee beans and nuts markets; the goals to have pooled our resources to one of the world’s most consuming: coffee beans and nuts.

As a result, Bahtera Benua. was incorporated, with an experienced and diverse team of support and a strong connection with producers and manufacturers, as well as a business analyst and marketing management team throughout coffee beans and nuts chain who work exclusively to survey questionnaire approaches and facts toward coffee and nuts consumer preferences both regional and global to meet the organization's goals.

OUR STRUCTURE.

"Teamwork is the ability to work together toward a common vision. The ability to direct individual accomplishments toward organizational objectives. It is the fuel that allows common people to attain uncommon results." - *Andrew Carnegie*

COFFEE

MARCH 2022

Vietnam Robusta Coffee Beans.

More stronger.
More harsher.
More bitter.

Screen (18,16,14)

Moisture (%max) (12.5)

Broken Beans (%max) (0.5)

Screen Size (%min) (90% above)

Black Beans (%max) (0.1)

Robusta coffee has a stronger flavour. Harsher flavour with a grainy undertone and a peanut aftertaste. Their acidity level is lower. Approximately 2.2 - 2.75 times as much as Arabica beans. Finest quality. They can be grown at lower altitudes than Arabicas and are less susceptible to pests and weather. The form is much more circular.

Vietnam Arabica Coffee Beans.

High on production. Low on caffeine

Moisture (%max) (12.5)

Broken Beans (%max) (0.5)

Screen Size (%min) (90% above)

Black Beans (%max) (0.1)

Arabica beans have a sweeter, softer flavour with notes of sugar, fruit, and berries. Caffeine content is low, with only about 1.2-1.5 percent caffein. Superior in quality. They require more conditions to be met for growth and are typically grown at high altitudes. The form is much more orally oriented.
