Sea-Caught Shrimps

Sea-Caught or Wild Caught Shrimps is most notable for its taste, since the ocean gives it's natural diet and it's natural habitat. Our source comes from the Easternmost Province of Indonesia, which are very natural region. We applied responsible fishing regulation by goverment's law to maintain sustainability. Our shrimps mostly comes in two major species:

1. Sea- White Shrimps

2. Sea-Tiger Shrimps

They're caught and soon to be processed by **"Block Quick Freezing"** to avoid **freeze burn**. They're processed to:

Head-On (HOSO), Headless (HLSO), Peeled and Deveined(PD).
