

Goat Milk Soap

Goat milk soap is a gentle cleanser that is rich in fatty acids, which can help support a healthy skin barrier and keep skin nourished and moisturized. It is effective against eczama, psoriasis, acne.

Activated Charcoal Soap

Detox your skin with this very special soap prepared with activated bamboo charcoal. It reduces breakouts and pore size, gives skin a healthy glow, and helps avoid indications of premature aging.

Ocean & Anemone Soap

It moisturizes, nourishes and repairs the skin due to its anemone oil feature. Also used as a shower soap with its deep sea mineral additives and refreshing effect, it is known for regaining some of the mineral essences lost by your skin.

Baby Soap

We all know that using clean ingredients is of great importance. This issue is especially prominent in babies. You can take care of your baby with peace of mind with this soap, which consists of completely natural and pure ingredients.

Beech Tree Wood Soap Dish

Made from beech wood and all handmade product, it is lubricated with natural wood oil and linseed oil. It doesn't contain harmful substances.
