

Safety Data Sheet (SDS)

According to (EC) No.1907/2006 and amendment (EU) No 453/2010

Applicant: Dongguan Vanilla Bioengineering Co.,Ltd
Address: F Building,Huihong Industrial Park,Fenggang Town,Dongguan
City,Guangdong Province,China
Product Name: Healcier

Issue date: May. 13, 2019
Edited by: Shenzhen NTEK Testing Technology Co., Ltd.

Compiled by: Ting Reviewed by: Lgz

Approved by: Marble Lion Date: 2019-05-13

Section 1 - Identification of the substance/mixture and of the company/undertaking**1.1 Product identifier**

Product name: Healcier

Sample photo:

**1.2 Relevant identified uses of the substance or mixture and uses advised against**

Identified uses: Smoke vanilla electronic cigarette products.

Uses advised against: No information available.

1.3 Details of the supplier of the safety data sheet

Supplier: Dongguan Vanilla Bioengineering Co.,Ltd

Address: F Building,Huihong Industrial Park,Fenggang Town,Dongguan City,Guangdong Province,China

Mobile: 17876789171

Telephone: 0769-8990-9596

E-mail: 2217946981@qq.com**Section 2 - Hazards identification****2.1 Classification of the substance or mixture****Classification according to Regulation (EC) No 1272/2008 [CLP]**

The product is not classified according to the CLP regulation.

Classification according to Directive 67/548/EEC [DSD] or Directive 1999/45/EC [DPD]

The product is not classified according to the DSD and DPD directive.

2.2 Label elements**Labelling according to Regulation (EC) No 1272/2008 [CLP]**

The product is not classified and labelled according to the CLP regulation.

Hazard pictogram(s): Not Applicable**Signal word:** Not Applicable**Hazard statement(s):** Not Applicable**Precautionary statements:** Not Applicable

2.3 Other hazards

If swallowed by mistake, it will irritate the digestive tract.

May cause irritation by eyes contact.

May cause irritation by skin contact.

May irritate the respiratory tract.

Section 3 – Composition/Information on Ingredient

3.1 Chemical characterization: Mixture

Description:

Product: consisting of the following components.

Chemical Name	CAS No.	EINECS No.	Concentration
Black tea(laping slouching)	/	/	60
Cellulose microcrystalline	9004-34-6	232-674-9	30
menthol	1490-04-6	216-074-4	1
Polyvinylpyrrolidone cross-linked	25249-54-1	607-660-4	1
carboxymethylcellulose sodium	9004-32-4	618-378-6	3
beta cyclodextrin	7585-39-9	231-493-2	1.5
xylitol	87-99-0	201-788-0	0.5
potassium sorbate	24634-61-5	246-376-1	0.0001
Sodium benzoate	532-32-1	208-534-8	0.0001
atomized liquid	/	/	2.8

Section 4 - First Aid Measures

4.1 Description of first aid measures

General information:

In all cases of doubt, seek medical attention.

If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration.

Consult a physician.

In case of skin contact

Wash off with soap and plenty of water. Consult a physician.

In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

If swallowed

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

Information for doctor:

Product label.

4.2 Most important symptoms and effects, both acute and delayed

No information available.

4.3 Indication of any immediate medical attention and special treatment needed

No information available.

Section 5 – Firefighting measures**5.1 Extinguishing media****Suitable extinguishing agents:**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Unsuitable extinguishing agents: No information available.

5.2 Special hazards arising from the substance or mixture

No information available.

5.3 Advice for firefighters

Fire-fighters should wear appropriate breathing apparatus and protective equipment. Prevent fire-fighting water from entering surface water or groundwater. Remove the container from fire to open space as much as possible. Spray to cool the containers until the end of fire.

If the container has discoloration or generate sound from the safety relief devices, must evacuate immediately.

Section 6 - Accidental Release Measures**6.1 Personal precautions, protective equipment and emergency procedures**

Recommended emergency personnel wearing self-priming filter type gas mask (comprehensive cover) and general work overalls. Rapid evacuation leakage area personnel to safety and isolation, restricted access. Cut off the fire.

6.2 Environmental precautions

Avoid release to the environment. Avoid discharge into drains, surface water or groundwater.

6.3 Methods and material for containment and cleaning up

A small leak: Absorb with earth, sand or other non-combustible material and transfer to private collector.

A large leak: To build a causeway or trenching asylum. Pump to tank or in a private collector, and recycling or shipped to the disposal of waste.

6.4 Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

Section 7 - Handling and Storage**7.1 Handling**

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Avoid exposure - obtain special instructions before use. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2.

7.2 Conditions for safe storage, including any incompatibilities

Store in cool and no direct sunlight place.

Keep container tightly closed in a dry and well-ventilated place,

7.3 Specific end use(s) No information available.

Section 8 - Exposure controls/personal protection**8.1 Control parameters**

Occupational Exposure limit values

no data available

Biological limit values

no data available

8.2 Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

8.3 Individual protection measures, such as personal protective equipment(PPE)**Eye/face protection**

Safety glasses with side-shields conforming to EN166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin protection

Wear impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique(without touching glove's outer surface) to avoid skin contact with this product.

Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

Respiratory protection

Wear dust mask when handling large quantities.

Thermal hazards

No information available.

Section 9 - Physical and Chemical Properties**9.1 Information on basic physical and chemical properties**

Appearance:	Solid
Colour:	Brown
Odour:	No information available
Flammability (solid, gaseous):	No information available.
Self-igniting:	No information available.
Danger of explosion:	No known significant effects or critical hazards
Solubility in/Miscibility with:	No information available
Water:	No information available

9.2 Additional information: No information available**Section 10 - Stability and Reactivity****10.1 Reactivity**

Stable under recommended storage and handling conditions.

10.2 Chemical stability

Stable under normal conditions of use, storage and transport.

10.3 Possibility of hazardous reactions

No known significant effects or critical hazards.

10.4 Conditions to avoid

No information available.

10.5 Incompatible materials

No information available.

10.6 Hazardous decomposition products

No information available.

Section 11 - Toxicological Information

Skin corrosion/irritation: May cause irritation by skin contact.

Serious eye damage/irritation: May cause irritation by eyes contact.

Respiratory or skin sensitization: May irritate the respiratory tract.

Ingestion damage/irritation: If swallowed by mistake, it will irritate the digestive tract.

Toxicokinetics, metabolism and distribution: No information available.

CMR effects (carcinogenity, mutagenicity and toxicity for reproduction): No information available.

Section 12 - Ecological Information**12.1 Toxicity**

Acquatic toxicity: No further relevant information available.

12.2 Persistence and degradability

No further relevant information available.

12.3 Bioaccumulative potential

No further relevant information available.

12.4 Mobility in soil

No further relevant information available.

12.5 Results of PBT and vPvB assessment

PBT: Not applicable.

vPvB: Not applicable.

12.6 Other adverse effects

No information available.

Section 13 - Disposal Considerations**13.1 Waste treatment methods****Product**

The material can be disposed of by removal to a licensed chemical destruction plant or by controlled incineration with flue gas scrubbing. Do not contaminate water, foodstuffs, feed or seed by storage or disposal. Do not discharge to sewer systems.

Contaminated packaging

Alternatively, the packaging can be punctured to make it unusable for other purposes and then be disposed of in a sanitary landfill. Controlled incineration with flue gas scrubbing is possible for combustible packaging materials.

Section 14 - Transport Information

Packing intact. Loading should be safe. Ensure that the containers do not collapse and damage in transport. Strictly prohibited with other chemicals. To prevent the goods from sunlight, rain water and high temperature. Road transport, travel routes should be according to the provides routes.

Section 15 - Regulatory Information

No information available.

Section 16 - Additional Information

Reference: Not Applicable

The data in this Safety Data Sheet relates only to the specific material designated herein. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product.

End of document

The test report is effective only with both signature and specialized stamp, The result(s) shown in this report refer only to the sample(s) tested. Without written approval of NTEK, this report can't be reproduced except in full.
